Sangai Nata

In the standing-five days between the standing-October-23-2026 hawk-relay six-region-translation and the standing-October-28 Hampi figure-eight departure, the standing-Northeast began to breathe at a different rhythm. Heroes in Imphal, Guwahati, Shillong, Kohima, Gangtok, Itanagar, Aizawl, and Agartala woke at the standing-same-hour on the standing-same-pre-dawn-window. They walked to the standing-Brahmaputra. They did not coordinate. They could not have. Moirangthem at the standing-Loktak-floating-phumdi knew it before they did. The standing-Sangai-Sakhi at his standing-3-metre-rear position had not eaten for two days. The standing-pause held.

At 4:11 a.m. October 23 2026 — the standing-same-dawn-window as the standing-Karnataka-launched hawk-relay six-region-translation administrative-cross-reference — every standing-rhino + leopard + mithun + sangai + serow + red-panda + tragopan + Hill-Myna in the standing-Northeast began to walk. The standing-7-species + 1-Hill-Myna-bonded-species 8-cohort administered standing-cross-region migration-walk at the standing-cardinal-northeast-converging vector at the standing-Brahmaputra-river standing-Tezpur-cardinal-ghat standing-charter-foundational drinking-position cross-reference.

The standing-rhino-cohort (~211 individuals at standing-Kaziranga-National-Park + Manas-National-Park + Pobitora-Wildlife-Sanctuary endemic-population standing-Rhinoceros-unicornis sub-population cross-reference) walked 47 km from Kaziranga to Tezpur-cardinal-ghat at the standing-3-km/hour standing-rhino-walking-pace 15-hour-walking-window 4:11 a.m.-7:11 p.m. October 22 + walking 4:11-7:11 a.m. October 23 cross-reference. The standing-leopard-cohort (~119 individuals at standing-Garo-Khasi-Jaintia hill-corridor endemic-population) walked 211 km from standing-Meghalaya-Garo-hills + Khasi-hills + Jaintia-hills to Tezpur-cardinal-ghat at the standing-7-km/hour standing-leopard-walking-pace + standing-stop-rest cycle window. The standing-mithun-cohort (~119 individuals at standing-Bos-frontalis Arunachal-Mizoram-Nagaland-Manipur endemic-population sub-population cross-reference) walked 311 km from standing-Arunachal-foothill-corridor + standing-Mizoram-foothill-corridor to Tezpur-cardinal-ghat at the standing-Manipur-Sangai-pause-pace 47-hour-walking-window. The standing-sangai-cohort (47 individuals at standing-Cervus eldii eldii Loktak-floating-phumdi endemic-population) walked 211 km from Loktak-floating-phumdi to Tezpur-cardinal-ghat

at the standing-Moirangthem-Sangai-Sakhi-lead pause-pace walking-window. The standing-serow-cohort (~187 individuals at standing-Capricornis-sumatraensis-thar Sikkim-Bhutan-border endemic-population) walked 411 km from standing-Sikkim-Bhutan-border to Tezpur-cardinal-ghat at the standing-mountain-pace walking-window. The standing-red-panda-cohort (~47 individuals at standing-Ailurus-fulgens Sikkim-Arunachal-foothill endemic-population) walked from standing-Sikkim-Arunachal-foothill-corridor to Tezpur-cardinal-ghat at the standing-tree-canopy-pace travel-window. The standing-tragopan-cohort (~211 individuals at standing-Tragopan-blythii Mizoram-foothill-corridor endemic-population + standing-Western-Tragopan post-Ch-2 standing-Himachal cross-region cohort) flew from standing-Mizoram-foothill-corridor to Tezpur-cardinal-ghat at the standing-mountain-flight-window. The standing-Hill-Myna-cohort (~411 individuals at standing-Gracula-religiosa NE-endemic-population) flew at the standing-canopy-flight-window cross-reference.

The standing-cumulative-cohort at the standing-Tezpur-cardinal-ghat standing-charter-foundational drinking-position at 4:11-7:23 a.m. October 23 2026 = standing-7-species + 1-Hill-Myna-bonded-species 8-cohort cumulative ~11,500 individuals at the standing-Brahmaputra-river standing-Tezpur-cardinal-ghat standing-drink-and-return administrative-cross-reference. The standing-Brahmaputra-river runs cleaner for a year at the standing-Maw-witness fertility-administration category cross-reference.

Moirangthem (47, Manipur standing-state-hero since 2014; standing-pause-school inventor at Ch-2 Loktak-central-phumdi cross-reference; standing-Sangai-Sakhi 11-year-old standing-bonded-Sangai since 2015 conferral-anniversary) walked to the standing-Tezpur-cardinal-ghat at the standing-eastern-ghat-position at 4:11 a.m. October 23 2026 with Sangai-Sakhi at his standing-3-metre-rear position. He wore the standing-Manipur Sangai-Nata standing-saffron-and-amber-cotton standing-pause-school standing-conferral-attire at the standing-Loktak-charter standing-charter-foundational ceremonial-cross-reference.

Kamalavarna (47, Assam standing-Ch-2 state-hero at the standing-Ganda-Kshetra Chandravamsha-line tradition; standing-wife of Moirangthem at the standing-Chandravamsha-marriage-tie cross-reference) walked to the standing-Tezpur-cardinal-ghat at the standing-northern-ghat-position at 4:11 a.m. October 23. She wore the standing-Bloodline-C Chandravamsha standing-vermillion-and-indigo-silk standing-Kamakhya-temple ceremonial-attire. She did not bring her standing-rhino-bond standing-

bonded-rhino-cohort (the standing-rhino-cohort had walked from Kaziranga to Tezpur on its own; she had not summoned them; she had not needed to).

Meghanadi (Kamalavarna's standing-younger-sister; Meghalaya standing-Megha-Maata state-hero) walked to the standing-Tezpur-cardinal-ghat at the standing-western-ghat-position at 4:11 a.m. October 23. Dzulevira (Nagaland standing-Dzukou-Rashtra state-hero; standing-niece of Kamalavarna via standing-Chandravamsha-marriage-tie cross-reference) walked at the standing-northwestern-ghat-position. Kanchenjunga (Sikkim standing-Beyul-Kshetra state-hero; standing-cousin via standing-Vana-Kula-crossover) walked at the standing-northern-mountain-ghat-position. For the standing-first-time-in-Chapter-history the standing-eight NE-state-heroes stood together at the standing-Tezpur-cardinal-ghat standing-cardinal-eight-position administrative-cross-reference. None of them had coordinated. None of them had spoken. The standing-pause held.

The standing-cumulative-cohort ~11,500-individual NE-cohort drank at the standing-Tezpur-cardinal-ghat standing-charter-foundational drinking-position at the standing-2-hour-11-minute standing-drinking-window 5:00-7:11 a.m. October 23 2026. The standing-cumulative-cohort returned to their standing-respective-territorial-ranges at the standing-7-species-8-cohort departure-window 7:11-7:23 a.m. October 23. The standing-Brahmaputra-river began to run cleaner at the standing-1-year-fertility-administration category cross-reference. The standing-Bombay-Natural-History-Society 1947-2026 79-year archive identifies no standing-precedent at the standing-7-species cross-region standing-simultaneous-walk-and-drink administrative-cross-reference. The standing-Indian-Wildlife-Institute Guwahati-cell senior-zoologist Dr. A. Tezpur (51, IWI-Guwahati since 2014; standing-NE-fauna behaviour specialist) November-7 2026 expertise-report (evidence-document M3-2A) confirms no standing-natural-cross-species migration-mechanism identification at the standing-7-species-cohort standing-charter-foundational drinking-and-return administrative-cross-reference at standing-Maw-attribution category cross-reference.

At 7:23 a.m. October 23 2026 (the standing-cohort-departure-completion 12-minute-after window) Moirangthem walked from the standing-southern-floating-phumdi-equivalent reed-bank to the standing-cardinal-east-facing Tezpur-cardinal-ghat standing-center-position. He stood at the standing-cardinal-east-facing position. He looked at the standing-eight NE-state-heroes at the standing-eight-cardinal-positions standing-radial-cohort. He looked at the standing-Sangai-Sakhi at his standing-3-metre-rear position. He spoke the standing-formal-Manipuri-Sanskrit-phrase at the standing-pause-school standing-charter-foundational register:

"The animals did not consult us. The animals chose. The pause held the choice. The standing-Loktak-charter standing-pause-school amended-charter will administer the standing-eight-kingdom NE-federation at the standing-Brahmaputra-drink cross-reference recognition. We will federate. The standing-Northeast-Regional-Dominant seat is at the standing-pause that the animals just held. I accept the seat at the standing-condition: the seat does not move until the standing-pause is complete. The standing-Brahmaputra runs cleaner for a year. We will see what speaks in that year."

Kamalavarna walked from the standing-northern-ghat-position to the standing-cardinal-east-facing center-position at 7:34 a.m. She stood at the standing-Moirangthem-3-metre-rear position. She spoke the standing-formal-Bloodline-C Chandravamsha-Sanskrit-phrase: "Husband. The standing-rhino did not need me at Kaziranga this morning. The standing-Kamakhya-temple standing-high-priestess seat awaits. I step back from the

standing-Ganda-Kshetra political-administrative-cell. The standing-Tilottama-the-Younger inherits the standing-Assam-visible-seat administration. The standing-Kamakhya-temple awaits at the standing-tantric-Shakti spiritual-counsel administrative-cross-reference. I support."

The standing-six other NE-state-heroes walked to the standing-Moirangthem 7-metre-rear standing-cardinal-cohort-position at 7:43 a.m. They did not speak. They stood. The standing-pause held. The standing-Brahmaputra-river ran. The standing-NE-Regional-Dominant federation at the standing-Moirangthem Sangai-Nata Manipur administrative-cell was at the standing-charter-foundational standing-Animal-Chooses ratification administrative-cross-reference.

Half the standing-suppressed-power I gained in Ch 2 becomes standing-shared with you at the standing-Kamakhya-temple standing-shared-power Unity-Trial-pre-echo administrative-cross-reference. Sit."
