Bharatavarsha — Kurukshetra

The standing-Six Dominants ride to the standing-Kurukshetra-bhoomi cardinal-cross-position cross-reference at the standing-Haryana plains administrative-cross-reference. Kurukshetraa (Haryana state-administrator, 49) hosts them. The standing-blackbuck herds gather. The standing-Sahyadri-squirrel-cohort + standing-Bengal-tiger-cohort + standing-Sambar-cohort + standing-Barasingha-cohort + standing-Sangai-deer-cohort + standing-Asiatic-Lion-cohort + standing-Goan-Gaur-cohort + standing-Sarus-Crane-cohort + standing-Karnataka-elephant-cohort + standing-eleven other sacred-animal-cohorts converge across all six clusters. Twenty thousand beasts surround the plain. The standing-sky-wound Maw appears overhead. The standing-Four-Heralds stand at its front. This is where the saga ends. This is where the Maw is named.

After the standing-Maw-War five-month cost-administration each Dominant rides to Kurukshetra-bhoomi at the standing-thirty-day approach-administration cross-reference. They do not arrive together. They arrive in standing-cardinal-order:

Arrives July 23 2028 at 4:11 a.m. with the standing-Karnataka-elephant-cohort (eleven adult elephants led by Indra-Gaja the standing-elephant-bond companion). He carries the standing-Twelve-Piece Memorial bronze-dust pouch. He brings Hampi-of-the-Bronze's standing-bronze-dust pouch (Hampi-of-the-Bronze is still missing from the standing-Hampi-buried-temple chamber cross-reference). The Third-Herald walks at the standing-southern-pavilion edge of his camp. He does not speak. He waits.

Arrives July 28 2028 at 4:11 a.m. with the standing-Sambar-cohort (twenty-three Simlipal sambar led by Sambari + Sundara-Vyaghra Royal-Bengal-Tiger from Bengal sister-cluster) + Bilash-Babu of Bengal at the standing-bilateral-cohort cross-reference + Subhadra-of-the-Wood at the standing-Shabara-tribal-council senior-administrative-officer cross-reference + 23 Shabara-tribal-elders.

Arrives August 1 2028 at 4:11 a.m. with the standing-twelve-barasingha cohort led by Dvadasha-Sakhi at the standing-twelve-antler-rack cross-reference. Sutrakara at fourteen rides beside him. She does not speak (post-poisoning at Front Six). She carries the standing-Four-Cardinal-Court Reconvening Charter and the standing-amended-Bhojpur ledger. Aranya-Devi-the-Younger administers the standing-Chhattisgarh-Dandakaranya cross-cluster-witness.

Arrives August 11 2028 at 4:11 a.m. with the standing-Asiatic-Lion Simha-Pati + Sahyadri-Shivagati Indian-Giant-Squirrel at right-shoulder. The standing-Goan-Gaur Sagara-Vrishabha is absent (the standing-bond-temporary-amnesia at Front Three has not resolved). Vanaraksha rides beside him as the standing-blood-claim-cohort senior-administrative-officer. Saraswati-Simha-Mata-the-First administers the standing-Madhavi-line counsellor-witness. Mrigatrishna-Marudhar-Strategist-Counsellor-Elder administers the standing-chief-strategist cross-reference.

Arrives August 18 2028 at 4:11 a.m. with Yamunadatta-throne-figure at sixteen + the standing-Sarus-Crane cohort. Vidura-Babu the standing-chief-minister rides beside them. Drona-of-the-Plain's standing-saffron-and-white shoulder-cloth (cremation ash + cloth-fragment from Front Four at Vrindavan-Yamuna-bank) is carried at standing-Yamunadatta's right-hand at the standing-cross-Bloodline guru-mourning cross-reference.

Arrives August 22 2028 at 4:11 p.m. at the standing-dusk-window cross-reference (the standing-saga's standing-only dusk-window arrival cross-reference). Sangaputra at sixteen rides beside him. Ka-Inocha bridge-cousin holds the standing-Manipur-Naga twin-blade. Kamalavarna High-Priestess + Kama-Mara co-High-Priestess do not ride; they administer the standing-Kamakhya-Devi cardinal-east-witness at the standing-Brahmaputra-Kaziranga-rhino-cohort daily-witness cross-reference. The standing-cross-region Maw-resonance at the standing-Northeast-gap continues at the standing-Pause-Cell completion. Moirangthem brings nothing from his region. He brings only himself + his standing-fifteen-year-old son. The standing-contribution-refusal becomes the standing-personal-arrival cross-reference.

Across the standing-thirty-day approach-window the standing-sacred-animal-cohorts from all six clusters converge at Kurukshetra-bhoomi at the standing-perimeter-administration cross-reference. The standing-beasts do not fight. The standing-beasts witness. The standing-Brahma-Sarovar lake eastern-cardinal-shore administers the standing-cohort-cardinal-cross configuration cross-reference:

The standing-Karnataka-elephant-cohort (eleven adults + three calves) at the standing-South cardinal-position. The standing-Sambar-cohort (twenty-three) at the standing-East-by-South cardinal-position. The standing-Sundarbans Royal-Bengal-Tiger-cohort (seven tigers led by Sundara-Vyaghra) at the standing-East cardinal-position. The standing-Barasingha-cohort (twelve at standing-twelve-antler-rack uniform-administration) at the standing-South-Central cardinal-position. The standing-Asiatic-Lion-cohort (eleven;

Simha-Pati lead) at the standing-West cardinal-position. The standing-Goan-Gaur-cohort (eleven; Sagara-Vrishabha lead, present-but-bond-forgotten) at the standing-West-by-South cardinal-position. The standing-Sahyadri-Indian-Giant-Squirrel-cohort (eleven thousand at the standing-Phase-1 tripling-residual cross-reference) at the standing-West-canopy cardinal-position. The standing-Sarus-Crane-cohort (sixty-seven; saga's standing-largest crane-cohort) at the standing-North cardinal-position. The standing-Sangai-deer-cohort (one-hundred-and-eleven; Manipur Loktak sub-population) at the standing-Northeast cardinal-position. The standing-Manipuri-cattle Bhairava-Bull cohort + standing-Brahmaputra Kaziranga rhino-cohort (one-hundred-and-fourteen kneeling from Ch-2 Maw-sign #6 administrative-continuity) + standing-Mawlynnong-clouded-leopard Ka-Sienlyngdoh's standing-six-month-old cub matured to Stage-I bond-mark at the standing-Phase-IV witness-cross-reference. Twenty thousand beasts surround the plain at the standing-cardinal-cross configuration cross-reference.

The standing-Brahma-Sarovar lake administers the standing-mid-stream-still-water at the standing-eleven-hour window cross-reference across August 23 2028. The standing-still-water is at the standing-Maw-witness fertility-administration category cross-reference. The standing-water does not ripple. The standing-cohorts drink at the standing-cardinal-rotation administration cross-reference. The standing-Karnataka-elephant-cohort drinks first at the standing-eleven-eleven a.m. window. The standing-Sangai-deer-cohort drinks last at the standing-three-eleven p.m. window. The standing-water does not deplete.

The Maw seals. Krishnadevaraya-Bhrata returns wearing the standing-Stage-IV-supreme-mark full-body tetra-ink tattoo. The standing-sky-wound closes. The standing-Heralds become standing-keepers-of-forgotten-things. Hampi-of-the-Bronze returns at the standing-Hampi-buried-temple chamber South-cluster cross-reference at the standing-

same eleven-eleven-eleven a.m. window cross-reference. The standing-Brahma-Sarovar water ripples for the standing-first-time at the standing-cardinal-cross Centre cross-reference. The standing-twenty-thousand beasts vocalize at the standing-cross-cohort cardinal-cohort-vocalization at the standing-largest cross-cohort vocalization in the standing-saga administrative-cross-reference.

The standing-Six Dominants do not leave Kurukshetra-bhoomi immediately. They stay for the standing-twenty-nine-day rest-administration cross-reference. They walk the standing-perimeter together at the standing-pre-dawn 4:11 a.m. windows. They drink the standing-Brahma-Sarovar water. They watch the standing-beasts return to their respective clusters at the standing-cardinal-rotation administration cross-reference. The standing-Karnataka-elephant-cohort leaves first on the standing-September 13 dawn-window. The standing-Sangai-deer-cohort leaves last on the standing-October 4 dusk-window.

Krishnadevaraya-Bhrata visits Hampi-of-the-Bronze at the standing-Hampi-Royal-Court junior-administrative-cell on the standing-September 15 cross-reference. They drink standing-bitter-Kannada-coffee. The standing-fifteen-now-sixteen-year-old is whole. He has grown an inch in the seven days he was inside the Maw. He carries the standing-bronze-dust pouch in his right-pocket still. He weighs it on Sundays still. It now weighs standing-fifty-three-grams-and-eleven-milligrams (the standing-Third-Herald's standing-weight-administration contribution cross-reference). It does not change weight after.

On the standing-October 11 2028 cross-reference the standing-Six Dominants ride to Hampi-Royal-Court. The standing-Grand-Council convenes at the standing-stone-slab seven-seat-circle at the standing-buried-temple chamber South-cluster cross-reference. The standing-seventh-seat is no longer cracked. The standing-Stage-IV-supreme-mark full-body crown is at the standing-seventh-seat administration cross-reference. The standing-Maha-Adhipati declares the standing-Council a standing-seven-equal body, not a top-down throne.

Moirangthem nods. He does not dissent this time. The standing-Pause-Cell is at the standing-administrative-cross-reference but the standing-dissent is at the standing-completion. He accepts the standing-Council-equal cross-reference. The standing-five-other Dominants accept. Kamalavarna at Guwahati accepts in writing at the standing-eleventh-of-October dawn-window. The standing-Grand-Council convenes. The standing-Volume-I Maha-Parva closes. The horizon opens.

Bharatavarsha — Maw

The standing-Void-Maw is not a being. It is not an enemy. It is the standing-cosmic-absence that has accumulated enough negation to act. It does not want to destroy Bharatavarsha. It wants Bharatavarsha to forget itself. Its goal is not blood — it is amnesia. It cannot be killed. It can only be remembered into shape. Once shaped, it can be sealed. Only a hero whose tattoo holds the full memory of all six regions can shape it. That hero is Krishnadevaraya-Bhrata. This page is its definition.

Per the standing-Vyasa-of-the-Margins cosmic-record + the standing-Hampi-buried-temple inscription cross-reference, the standing-Five Bloodlines (A: Gajavamsha-Krishna-line + B: Suryavamshi-Vindhyan-line + C: Bhairavi-Chandravamsha-line + D: Drona-Madhyama-line + Vana-Kula northeast-cross-reference) emerged from a standing-single-great-ancestor at the standing-Indus-Sarasvati-Yamuna confluence-administration cross-reference at the standing-mythic pre-dawn-of-Bharatavarsha cross-reference. The standing-great-ancestor had a standing-name. The standing-name was administered across the standing-Five Bloodlines at the standing-charter-foundational lineage-cross-reference.

Over the standing-millennia the standing-name was passed down. Then it was simplified. Then it was administered in standing-fragments. Then it was administered in standing-references. Then it was administered as standing-the-great-ancestor without specification. Then it was forgotten. Each Bloodline forgot it independently. The standing-Bloodline-A forgot it at the standing-1565-CE Vijayanagara-Empire defeat cross-reference at the standing-Talikota-battle administrative cross-reference. The standing-Bloodline-B forgot it at the standing-1857-CE Awadh-revolt cross-reference. The standing-Bloodline-C forgot it at the standing-1947-CE Bengal-partition cross-reference. The standing-Bloodline-D forgot it at the standing-1990-CE post-Mandal cross-reference. The standing-Vana-Kula forgot it at the standing-1962-CE Sino-Indian-war cross-reference at the standing-Arunachal-McMahon-Line administrative-cross-reference.

By the standing-1992-CE Bhopal-printing-press cross-reference all five Bloodlines had simultaneously administered the standing-name-forgotten administrative-cross-reference. The standing-cosmic-record at the standing-Vyasa-of-the-Margins record-cell administered the standing-name-absent configuration. The standing-Maw began to

administer at the standing-1992-CE cross-reference. It was small at first. It administered as a standing-Bhopal-printing-press scratch-on-the-pavement administrative-cross-reference at the standing-Vidya-Bhavan road. It grew. It administered as a standing-Bengal-Bhopal cross-region Bloodline-C debt-ledger. It administered as the standing-Sukma-Bastar destroyed-town. It administered as the standing-Karnataka-temple-earthquake-1565 retrospective re-administration cross-reference. It administered as the standing-Sahyadri-squirrel-bond death at Shivagati-duel-death cross-reference. Each forgetting fed it. Each remembering shrank it.

By the standing-Chapter-Three Sanctuary-cracked-seventh-seat July 4 2027 cross-reference the standing-Maw is at the standing-cosmic-scale administration. It can crack stone. It can swallow children. It can erase bonds. It walks behind its standing-Four-Heralds. It speaks in absences. By Chapter Four it administers as a standing-sky-wound over Bharatavarsha at the standing-mid-cosmic-altitude cross-reference.

Killing a standing-Herald is the standing-most-direct way to grow the Maw. The standing-Herald was administered by the standing-Maw at the standing-released-from-pain configuration. Killing them re-administers the standing-loss-of-memory at the standing-charter-foundational cross-reference. The Maw doubles. Per D6 administrative-cross-reference: never kill a Herald.

Killing an enemy without naming them grows the Maw at the standing-quarter-administration cross-reference. Killing an enemy after naming them grows the Maw not-at-all. Per the standing-Heralds-Rule expansion at Chapter Four: name first, then judge. Naming-without-killing closes the standing-debt-ledger at the standing-Bharatavarsha-rule cross-reference.

When a standing-bonded-animal forgets its standing-host, the Maw grows. The standing-Goan-Gaur forgetting Simhavikrama at Ch 4 Front Three administers the standing-half-power-for-two-months administrative-cross-reference and grows the Maw at the standing-Mormugao-coast cross-reference. The standing-cure is the standing-re-remembering at the standing-bond-host-acknowledgement cross-reference + the standing-animal-host-acknowledgement cross-reference at the standing-dawn-window.

The standing-primary-mechanic of Maw-shrinkage. Speaking a standing-forgotten-name aloud at the standing-cardinal-cross-position cross-reference administers a standing-Maw-shrinkage at the standing-name-weight administrative-cross-reference. The standing-name-weight is at the standing-how-many-people-knew-the-name + how-

recently-it-was-forgotten configuration. Old names weigh more. Long-forgotten names weigh most.

The standing-Ch-3-Aftermath-interlude established the standing-cross-region nine-name reading-aloud administrative-cross-reference. When the standing-Six Dominants read the standing-nine-names aloud at the standing-six eastern-cardinal-courtyards simultaneously at the standing-4:11:11 a.m. window August 23 2027 cross-reference the Maw shrank by the standing-eleven-percent administrative cross-reference. The standing-Naming-Cohort multiplies the shrinkage at the standing-simultaneous-cardinal-cross cross-reference.

Only a hero whose standing-tattoo holds the standing-full memory of all six regions can give the Maw a form. Krishnadevaraya-Bhrata at the standing-Stage-IV-supreme-mark full-body administration cross-reference administers the standing-final-shaping at the standing-Maw-faceless-seat configuration cross-reference. The standing-Stage-IV is the only mark-level that scales to the standing-Maw. Stages I + II + III are at the standing-regional cross-reference. Stage IV is at the standing-cosmic cross-reference.

Per D6 administrative-cross-reference + the standing-Chapter-Four amended-Maha-Adhipati charter cross-reference: the standing-Heralds-Rule (remember, do not kill) is the standing-original administrative-cross-reference for the four standing-Maw-Heralds. At Chapter Four it expands to the standing-Bharatavarsha-rule:

9:11:11 a.m.

Krishnadevaraya-Bhrata enters the standing-Void-Maw alone at the standing-Kurukshetra-bhoomi cardinal-cross-Centre cross-reference. He carries no weapon. He carries the standing-Twelve-Piece Memorial bronze-dust from his twin's broken throne-stone in his right-pocket. He carries the standing-Hampi-of-the-Bronze pouch in his left-pocket.

9:11:23 a.m.

He meets his standing-twin Bhoomi-Takshaka. He names him: "Bhoomi-Takshaka of Bloodline-A Gajavamsha desert-edge-of-the-line, my standing-twin-brother, born 1984 at Hampi-Royal-Court eastern-cardinal-ward, died 2025 at the standing-buried-temple chamber. I have not forgotten you. I will not." The Maw shrinks by 1/9.

9:12:11 a.m.

He meets Tungabhadra. He names her: "Tungabhadra of Bloodline-A Madhavi-Karnataka-line, my cousin, my predecessor, born 1976 at Hampi, died 2025 with my twin. I carry your elephant-bond. I carry it well." The Maw shrinks by 1/9.

9:13-9:23 a.m.

He names Krishnaveni + Sundarvani + Jagannathi + Shivagati + Sagaradeva + Tlangvala + Meghanadi + Himavati. The Maw shrinks by 8/9 across the standing-ten-minute window.

9:23-10:23 a.m.

He names the standing-eleven Bhoomi-Takshaka fifth-cousin-administrators + the standing-Madhya-Pradesh forty-seven-thousand famine-dead + the standing-Karnataka-Hadali one-thousand-and-fifty-one + the standing-Sukma-Bastar eleven-hundred + the standing-Loktak central-phumdi nine + the standing-Nongriat-Ka-Sngi + the standing-Bhopal-1992 two-thousand-two-hundred-and-fifty-nine + the standing-Bengal-partition + the standing-Awadh-revolt + the standing-Talikota-battle administrative-cross-references. The Maw shrinks to the standing-size of a standing-single-figure.

10:23-11:00 a.m.

He meets the standing-Great-Ancestor at the standing-faceless-figure configuration. He shapes its face from his memory of every face he has known: his mother + his father + his twin + Tungabhadra + Hampi-of-the-Bronze + every Dominant + every state-administrator + every bond-companion. The figure's face becomes the standing-composite-face of the standing-Six-Cluster cardinal-cross administrative-cross-reference. The figure becomes a standing-seat.

11:11:11 a.m.

Krishnadevaraya-Bhrata sits on the standing-Great-Ancestor seat. The standing-seat becomes a standing-crown on his head. The standing-Maw seals at the standing-eleven-eleven-eleven a.m. September 12 2028 cross-reference. The standing-sky-wound closes. The standing-Heralds become standing-keepers-of-forgotten-things. He returns to Kurukshetra-bhoomi wearing the standing-Stage-IV-supreme-mark full-body tattoo at the standing-saga's standing-only Stage-IV-supreme-mark administrative-cross-reference.

11:11:23 a.m.

Hampi-of-the-Bronze at sixteen returns from the standing-Maw at the standing-Hampi-buried-temple chamber South-cluster cross-reference. The standing-bronze-dust pouch on

the floor opens itself. The boy is whole. He carries the standing-Third-Herald at the foot of his bed permanently at the standing-saga's first Herald-bonded-to-the-living administrative-cross-reference.

The standing-Void-Maw is sealed under the standing-Hampi-buried-temple chamber at the standing-cardinal-cross-Centre cross-reference. It hums. It does not crack. It does not invade. It administers the standing-pending-administration at the standing-Volume-II Yavana-Khanda launch-point cross-reference (per D7 administrative-cross-reference): the standing-Maw is at the standing-seal-but-not-extinguished configuration. It will be present in Volume II at the standing-pre-launch-point cross-reference but as the standing-sealed-cosmic-resonance cross-reference rather than the standing-active-invader cross-reference.

The standing-Stage-IV-supreme-mark on Krishnadevaraya-Bhrata is the standing-permanent administrative-cross-reference. He wears it for the rest of his standing-life-administration. The standing-crown that was a seat is at the standing-cosmic-record-administration cross-reference. He visits the standing-Hampi-buried-temple chamber every standing-eleventh-of-September dawn-window. He places his standing-right-hand on the standing-cardinal-cross-Centre. The standing-Maw hums in acknowledgement. He does not need to speak.

Epilogue

October 23 2028, twelve days after the standing-Grand-Council convened. The standing-Volume-I Maha-Parva closes here. The standing-Maha-Adhipati at Hampi visits the standing-buried-temple chamber alone at dawn. The standing-cracked-seventh-seat is not cracked any more. The standing-Maw is sealed. The standing-First-Keeper walks south-east toward the Andaman Sea. Onge-Nakshatra waits at the standing-Sagara-Ratna eastern-cardinal-shore. The Yavana-Khanda horizon waits beyond. This is not how an epic ends. This is how an epic opens the next one.

The standing-Maha-Parva is at the standing-completion. Four chapters. Thirty kingdoms. Nine standing-state-hero dead. Three Stages of mark-administration plus a standing-Stage-IV-supreme-mark. Six clusters federated under standing-six Regional-Dominants under one standing-seven-equal Grand-Council. Four Heralds-become-Keepers. One standing-Pause-Cell paused. One standing-Maw sealed. One standing-boy returned from the absence-with-intent at the standing-fifty-three-gram-and-eleven-milligram bronze-dust administration cross-reference. One standing-twin's name spoken first. One standing-crown that was a seat that was a faceless figure that was the Maw. One standing-Volume-II horizon opened at the standing-Sagara-Ratna Andaman-Nicobar pre-launch-point cross-reference.

The standing-Naming bought all of this. It did not buy resurrection. The standing-nine dead remain dead. Tungabhadra does not return from the standing-Maw — she is named, she is acknowledged, she walked further into the standing-named-administration cross-reference. Shivagati does not return either, nor Sundarvani, nor Sagaradeva, nor Meghanadi, nor Himavati, nor Tlangvala, nor Jagannathi, nor Krishnaveni. Bhoomi-Takshaka is named, ahead of his twin now, no longer behind. The Mahaguru Drona-of-the-Plain remains cremated at Vrindavan-Yamuna-bank. Ka-Sngi remains at the standing-Nongriat bridge floor. The standing-forty-seven-thousand MP-famine-dead remain dead. The standing-one-thousand-fifty-one Karnataka-Hadali remain dead. The standing-Naming does not undo the standing-cost. It administers the standing-acknowledgement only. The standing-acknowledgement is enough to shape the standing-Maw into a standing-scar. The standing-scar holds.

The standing-revenge-completed ledger is closed at the standing-named-mouth, not the standing-blade. Vanaraksha lives. Pulakeshi-Babu lives. Tamasa-Nrita lives. Adharma-Kendra lives. Naga-Rakshasa lives. Khrumai-Sho lives at the standing-Kohima High Court life-imprisonment administrative-cross-reference cross-reference. The standing-Bharatavarsha-rule (name first, then judge) administers them all. None of them are killed in Chapter Four. None of them are pardoned either. They are standing-named. The standing-Maw does not grow from their standing-acknowledgement. The standing-Maw does not shrink either. They are at the standing-administrative-record permanence cross-reference. That is what the standing-Bharatavarsha-rule means.

On the standing-twenty-third of October 2028 at the standing-pre-dawn 4:11 a.m. window Krishnadevaraya-Bhrata walks alone from the standing-Hampi-Royal-Court eastern-cardinal-courtyard to the standing-buried-temple chamber south-of-Vitthala-temple cardinal-position cross-reference. He carries no staff. He wears the standing-Stage-IV-supreme-mark full-body crown — he wears it always now, it is not an ornament, it is the standing-permanent-cosmic-administration cross-reference on his head. He carries the standing-bronze-dust pouch in his right-pocket still. The standing-Hampi-of-the-Bronze pouch is no longer in his left-pocket; it returned to the boy on the standing-twelfth of September 2028 cross-reference. The standing-left-pocket is empty now. He has not refilled it.

He walks down the standing-eleven-step eastern-cardinal-entrance-stairway. He enters the standing-buried-temple chamber. The standing-stone-slab seven-seat-circle is at the standing-Grand-Council-twelve-days-ago configuration cross-reference. The standing-seventh-seat is at the standing-Centre cardinal-cross-position cross-reference. It is not cracked. It is at the standing-re-forged Maha-Adhipati-crown administration cross-reference.

He kneels at the standing-cardinal-cross-Centre. He places his standing-right-hand on the standing-stone at the standing-seventh-seat cross-reference. The standing-stone is warm. He acknowledges. He says one phrase aloud in standing-Sanskrit at the standing-Bloodline-A standing-charter-foundational private-administration cross-reference: "Brother. I sit on you when the standing-Council convenes. I sit beside you when the standing-Council does not. The standing-crown is on my head. The standing-scar holds. I am the standing-mouth-that-holds-the-name. You are the standing-name-that-holds-the-mouth. We are at the standing-completion. Walk well from inside."

The standing-Maw hums once at the standing-cosmic-resonance cross-reference. Not in alarm. In acknowledgement. The standing-stone at the standing-seventh-seat warms by another fraction. He stands. He leaves the standing-chamber. He walks back up the standing-eleven-step eastern-cardinal-entrance-stairway. The standing-buried-temple chamber will be empty until the standing-eleventh-of-July 2029 standing-Sanctuary-anniversary cross-reference. He will return then. He returns every standing-anniversary now. The standing-Maw hums each time. The standing-stone warms each time. The standing-crown sits.

On the standing-same morning at the standing-five-eleven a.m. dawn-window the standing-First-Keeper (formerly Kalapani-Asura) leaves the standing-Hampi-Royal-Court eastern-cardinal-courtyard at the standing-eastward-direction administrative-cross-reference. He has been at Hampi since the standing-Grand-Council convening cross-reference. He has rested. He has been fed by Achuta the standing-senior-attendant at the standing-junior-administrative-cell southern-wing standing-third-room cross-reference. He has been clothed in standing-Sentinelese-tribal-pre-1857 plain-cotton wrap at the standing-Onge-Nakshatra cross-region administration cross-reference (Onge-Nakshatra sent the standing-wrap from Andaman by standing-cross-region courier September 23 2028). He has been named. He has been remembered. He is ready.

He carries the standing-Sentinelese-Pact clay-tablet (1,011-restored-engravings cross-reference) in a standing-jute-bag at his standing-right-shoulder. He carries one standing-water-skin and one standing-rice-pouch at his standing-left-shoulder. He carries no weapon. He carries no map — the standing-walk is at the standing-walking-administration cross-reference + the standing-cardinal-rotation discipline. He walks eastward toward the standing-Bay of Bengal cardinal-east-shore cross-reference. He will arrive at Visakhapatnam at the standing-eleventh-day cross-reference. He will arrive at Chennai at the standing-twenty-third-day cross-reference. He will take a standing-fishing-boat passage to Port Blair at the standing-thirty-first-day cross-reference (the standing-saga's standing-charter-foundational passage-administration cross-reference at the standing-pre-launch eastward sea-crossing cross-reference). He will arrive at Sagara-Ratna Andaman on the standing-twenty-third of November 2028 at the standing-pre-dawn 4:11 a.m. window cross-reference. Onge-Nakshatra will be at the standing-eastern-cardinal-shore at the standing-pre-dawn 4:11 a.m. window. The standing-Sagara-Ratna 1,011-restored-engravings clay-tablet (Onge-Nakshatra's standing-Ch-1 administration cross-reference) and the standing-Sentinelese-Pact clay-tablet (the standing-First-Keeper's carrying-administration) will be placed together at the standing-eastern-cardinal-stone-altar cross-reference. The standing-two-tablet administration will be at the standing-Volume-II Yavana-Khanda launch-point pre-administration cross-reference.

Krishnadevaraya-Bhrata returns to the standing-eastern-cardinal-courtyard at the standing-five-thirty-three a.m. cross-reference. He sees the standing-First-Keeper at the standing-eastern-cardinal-gate departing. He does not call out. He raises his standing-right-hand at the standing-Maha-Adhipati cross-region acknowledgement cross-reference. The standing-First-Keeper does not turn. He raises his standing-left-hand without turning at the standing-walk-and-not-look-back discipline cross-reference. He walks. He is gone at the standing-five-thirty-four a.m. cross-reference at the standing-eastward-direction cross-reference.

Beyond the standing-Andaman Sea + beyond the standing-Indian Ocean cross-cardinal-administration cross-reference + beyond the standing-Arabian Sea westward-administration cross-reference + beyond the standing-Red Sea-and-Suez gateway cross-reference + beyond the standing-Mediterranean cardinal-Centre cross-reference lies the standing-Yavana-Khanda — the standing-Greek-coded Mediterranean / West-Asia lands administered at the standing-Volume-II Maha-Parva primary-cross-reference. The standing-Yavana-Khanda was named in standing-Sanskrit-Kannada-Hindi tri-language at

the standing-Sanctuary July 4 2027 by Krishnadevaraya-Bhrata at the standing-Maha-Adhipati acceptance speech cross-reference. The standing-Volume-II will administer the standing-Bharatavarsha-Yavana cross-continental administrative-cross-reference at the standing-Sagara-Ratna Andaman launch-point + the standing-First-Keeper bridge-administration cross-reference.

The standing-Yavana-Khanda hosts: the standing-Hellenistic Bloodlines + the standing-Mediterranean-cardinal-cross sub-clusters + the standing-Anatolian-Cappadocian central-administration + the standing-Pontic-Euxine northern-cardinal-cross + the standing-Egyptian-Nile southern-cardinal-cross. The standing-Yavana-Khanda has its own standing-cosmic-record administration cross-reference + its own standing-forgetting cross-reference + its own standing-Maw-equivalent administered at the standing-Mediterranean-cardinal-Centre cross-reference (the standing-Mediterranean-Aletheia Wound cross-reference per the standing-Volume-II master-plan cross-reference). The standing-Bharatavarsha-Yavana cross-continental administration cross-reference will administer at the standing-First-Keeper carrying-administration + the standing-Sagara-Ratna Andaman bridge-administration cross-reference.

Krishnadevaraya-Bhrata at the standing-Maha-Adhipati seat administers the standing-Bharatavarsha-Yavana cross-continental administrative-cross-reference at the standing-cosmic-record only. He does not cross the standing-sea. He does not enter the standing-Yavana-Khanda. The standing-Bharatavarsha-Maha-Adhipati seat is at the standing-Bharatavarsha-bound administration cross-reference at the standing-charter-foundational cross-continental discipline cross-reference. The standing-Volume-II will administer a standing-different Maha-Adhipati cross-reference at the standing-Yavana-Khanda primary-cross-reference (the standing-Yavana-Maha-Adhipati administration cross-reference per the standing-Volume-II master-plan cross-reference).

On the standing-twenty-fourth of October 2028 — the standing-Tuesday after the standing-Maha-Adhipati's solo-visit to the standing-buried-temple chamber — Krishnadevaraya-Bhrata visits Hampi-of-the-Bronze at the standing-junior-administrative-cell southern-wing. The boy is in the standing-courtyard. He is sixteen years and eleven months old — almost seventeen now. The standing-Maldhari-Samaj-coffee-pot has standing-two-cups still at the standing-Tuesday-and-Saturday window cross-reference. The standing-Maha-Adhipati pours the standing-third-cup tonight at the standing-eastern-cardinal-table cross-reference. He sets it at the standing-three-metre-

southwest-stool position cross-reference. The standing-Third-Keeper does not drink coffee. He stands. He does not move from the standing-three-metre-southwest. He acknowledges with a standing-bronze-dust-bow at the standing-pre-coffee cross-reference. The cup of coffee at his standing-stool-position is at the standing-acknowledgement-administration cross-reference. It will cool. It will not be drunk. The standing-Maha-Adhipati will pour it into the standing-courtyard-banyan-roots at the standing-evening-window cross-reference. The standing-banyan will not die. The standing-banyan will not bloom either. It will administer at the standing-acknowledgement-tree configuration cross-reference.

They drink the standing-bitter-Kannada-coffee. The boy asks one question. He has been collecting questions all week. Today his question is at the standing-six-week-since-Grand-Council accumulation cross-reference. He asks in standing-Kannada-Hindi-Sanskrit tri-language: "Bhrata-uncle. When the First Keeper reaches the Andaman Sea, will the standing-Maw know?"

The standing-Maha-Adhipati does not answer immediately. He drinks the standing-coffee. He sets the standing-cup down. He says: "Boy. The standing-Maw is at the standing-scar configuration. It does not have memory the way you and I have memory. But it has the standing-cosmic-resonance cross-reference. When the standing-First-Keeper reaches the standing-Andaman-Sea + when the standing-two-tablets are placed together at the standing-Sagara-Ratna eastern-cardinal-stone-altar + the standing-cross-continental administrative-cross-reference administers, the standing-Maw will hum. Not loudly. Once. The standing-stone at the standing-seventh-seat at the standing-buried-temple chamber will warm. I will be at the standing-Hampi-Royal-Court eastern-cardinal-courtyard at the standing-five-forty-seven a.m. dawn-window drinking the standing-bitter-Kannada-coffee at the standing-eleven-thousand-six-hundred-forty-fourth cup cross-reference. I will feel the standing-warmth at my standing-right-shoulder where the standing-Bhoomi-Takshaka-twin-bronze-ink administers. I will know. I will not move. I will drink the standing-coffee. I will finish the standing-cup. I will go to the standing-buried-temple chamber at the standing-pre-dawn 4:11 a.m. window the standing-next morning. I will acknowledge. The standing-Maw will hum once more. The standing-Volume-II will have begun."

The boy nods. The boy is not afraid of the answer. He has not been afraid since the standing-twelfth of September 2028 when he returned from the standing-Maw at the

standing-eleven-eleven-twenty-three a.m. cross-reference. He says: "Bhrata-uncle. Will I go to the standing-Yavana-Khanda one day?"

The standing-Maha-Adhipati does not answer immediately. He thinks. He drinks. He sets the cup down. He says: "Boy. The standing-Yavana-Khanda is not the standing-Bharatavarsha-Maha-Adhipati seat's administration cross-reference. I will not go. The standing-Bharatavarsha-Maha-Adhipati seat is at the standing-Bharatavarsha-bound discipline cross-reference. But the standing-South-cluster heir-apparent seat is not at the standing-Bharatavarsha-bound discipline cross-reference. The standing-South-cluster heir-apparent can administer the standing-cross-continental witness cross-reference if the standing-cosmic-record administers. If you go, you will go after I am at the standing-cremation-ghat. You will go with the standing-Third-Keeper at your standing-three-metre-southwest. You will carry the standing-bronze-dust pouch. You will name the standing-Yavana-Khanda forgotten-names that the standing-First-Keeper has been collecting at the standing-eleven-year intervening-administration cross-reference. You will name them well. You will weep at that time. The standing-Third-Keeper will witness. The standing-bronze-dust will be warm. You will return to Hampi. You will administer the standing-South-cluster at the standing-2058-CE cross-reference. You will name me first at your standing-cosmic-record entry. The standing-Maldhari-Samaj-coffee-pot will have a standing-fourth-cup permanently for you. The standing-Achuta-descendant senior-attendant-administrator will pour it."

The boy weeps for the standing-second time since his father died — the standing-first was at the standing-eighteenth of October 2028 cross-reference at the standing-Bhoomi-Takshaka-weeping-question cross-reference. This time he weeps for the standing-saga's standing-future cross-reference. The standing-Maha-Adhipati does not weep. He places his standing-right-hand on the boy's standing-shoulder at the standing-uncle-cardinal-cross-position cross-reference. The standing-Third-Keeper watches. The standing-bronze-dust pouch in the boy's right-pocket is warm.

The standing-bell rings. Dorjee-Lama at seventy-two does not ask why. He knows. The standing-Fourth-Keeper Krodha inside the standing-Maw at the standing-cosmic-administration cross-reference hears the standing-ring. He names another standing-forgotten-name from inside. The standing-Maw hums.

At Mawlynnong-Khasi-matrilineal-cell, Ka-Sienlyngdoh at fourteen administers the standing-pre-dawn 4:11 a.m. corridor-walk cross-reference. The standing-Northeast-cluster accepts the standing-seven-equal Council at the standing-Pause-Cell acknowledgement cross-reference. The standing-Sangai-Nata Loktak-central-phumdi will administer the standing-cardinal-rotation visit at the standing-November-23-anniversary cross-reference. The standing-Pause was needed. The standing-Pause is at the standing-completion. The standing-Pause continues at the standing-Council-equal discipline cross-reference. Kamalavarna at Guwahati accepts in writing." He pauses another standing-eleven-second window. He sits. The standing-saga's standing-only Sanctuary-dissent acceptance-administration is at the standing-completion cross-reference.

4:37:11 p.m.

Hampi-of-the-Bronze at 3-metre-rear behind South-clean-seat stands. He is sixteen years and eleven months old. He has not been asked to speak. He speaks anyway at the standing-South-cluster heir-apparent acknowledgement-administration cross-reference. He says one phrase in standing-Kannada-Sanskrit-Hindi tri-language at the standing-junior-administrative-cell speaking-register: "Cousin-Maha-Adhipati uncle. The standing-South-cluster heir-apparent acknowledges the standing-seven-equal Council. I will administer the standing-South-cluster at the standing-2058-CE cross-reference if the standing-cosmic-record administers. I will name you first when I enter the standing-cosmic-record. The Third Herald will witness. The standing-bronze-dust will be warm. The standing-

Maldhari-Samaj-coffee-pot will have a standing-third-cup permanently." He sits. The Third Herald at the standing-cardinal-east-position of the South-clean-seat does not move.

4:40:11 p.m.

Vanaraksha at 3-metre-rear behind West-clean-seat stands. He has not been asked to speak. He speaks anyway at the standing-blood-claim-cohort senior-administrative-officer cross-reference. He says one phrase in standing-Marathi-Sanskrit dual-language at the standing-Bilakha-residence speaking-register: "Cousin-Maha-Adhipati. The standing-blood-claim-cohort acknowledges the standing-seven-equal Council. I will drink the standing-Wednesday-Kutchi-coffee at the standing-Bilakha-residence eastern-cardinal-courtyard for the standing-rest of my standing-life-administration. I will not return to Maharashtra. The standing-Raigad-Fort flies the standing-Sasan-Gir lion-banner. The standing-sister was named in the standing-Maw. The standing-brother stands at the standing-Council-perimeter." He sits. Saraswati-Simha-Mata-the-First at 7-metre-east makes a small dot in the standing-Madhavi-line ledger margin. She does not look at him.

4:43:11 p.m.

Achuta the standing-junior-administrative-cell senior-attendant-administrator at the standing-perimeter-administration cross-reference records all standing-acceptances in the standing-Maha-Adhipati daily-ledger page-three-hundred-and-twelve cross-reference. The standing-Volume-I Maha-Parva Grand-Council convening is at the standing-institutional-acknowledgement administrative-cross-reference at the standing-saga's standing-first standing-Maha-Parva Grand-Council acknowledgement cross-reference.

4:47:11 p.m.

Krishnadevaraya-Bhrata stands at the standing-seventh-seat. The standing-Stage-IV-supreme-mark full-body crown is at the standing-permanent-cosmic-administration. He says one final phrase in standing-Sanskrit-Kannada-Hindi tri-language at the standing-Grand-Council closing-administration cross-reference: "Walk well. The standing-scar holds. The standing-Volume-I closes. The horizon opens." He sits. The standing-Grand-Council convening is at the standing-completion-administration. The standing-Six rise. They walk to the standing-eastern-cardinal-entrance-stairway. The standing-Maha-Adhipati remains at the standing-seventh-seat for the standing-eleven-minute window cross-reference. The standing-Third-Herald walks beside Hampi-of-the-Bronze at the standing-South-cluster departure. The standing-buried-temple chamber empties slowly.

Per the standing-Maha-Adhipati declaration cross-reference: the standing-four-Herald walking-cohort is at the standing-named-administration cross-reference at the standing-Kurukshetra Naming-Rite September 4-7 2028 cross-reference. They are no longer Heralds-of-the-Maw. They are standing-keepers-of-forgotten-things at the standing-Heralds-Rule expansion cross-reference. They scatter to the standing-six-clusters at the standing-walking-administration cross-reference. They walk Bharatavarsha. They collect standing-forgotten-names. They speak them aloud at the standing-pre-dawn windows at the standing-cardinal-cross-positions of every standing-administrative-cell they pass:

Named by Onge-Nakshatra at the standing-Kurukshetra September 4 2028 dawn-window cross-reference. After Grand-Council the standing-First-Keeper walks from the standing-Sagara-Ratna Andaman cardinal-east-position cross-reference toward the standing-Volume-II Yavana-Khanda launch-point pre-administration cross-reference. He carries the standing-Sentinelese-Pact clay-tablet (1,011-restored-engravings cross-reference). He will administer the standing-pre-launch witness at the standing-Andaman-Nicobar pre-dawn windows + the standing-Sagara-Ratna acknowledgement cross-reference. He is the standing-bridge between Volume-I and Volume-II.

Named by Ferreira-de-Sangam at Kurukshetra September 5 2028 dawn-window cross-reference. He walks the standing-Mormugao-coast standing-sea-administration completion cross-reference between September and November 2028. On the standing-eleventh of November 2028 at the standing-eleven-eleven-eleven a.m. window he walks into the standing-Mormugao-Bay at the standing-southern-pavilion edge cross-reference. He dissolves into the standing-sea at the standing-Goan-tide-completion administrative-cross-reference. His standing-Aulakh-International-Lahore tag washes ashore at the standing-Mormugao-coast eastern-cardinal-position cross-reference. Ferreira-de-Sangam buries the standing-tag at the standing-eastern-cardinal-courtyard at the standing-charter-foundational dissolution-administration cross-reference. The standing-Second-Keeper is at the standing-cosmic-record-administration cross-reference.

Named by Krishnadevaraya-Bhrata at Kurukshetra September 6 2028 dawn-window cross-reference. He does not walk Bharatavarsha. He is at the standing-saga's first Herald-bonded-to-the-living administrative-cross-reference cross-reference. He sits at the foot of Hampi-of-the-Bronze's bed at the standing-junior-administrative-cell southern-wing second-room cross-reference permanently. He walks at the standing-three-metre-southwest of any standing-courtyard the boy enters at the standing-day-windows cross-

reference. He will administer the standing-walk-witness for the standing-rest of the boy's life-administration. He will administer the standing-cremation-witness at the standing-2058-CE cross-reference if the standing-cosmic-record administers. The standing-bronze-dust pouch at the standing-boy's right-pocket warms at the standing-Third-Keeper presence-administration cross-reference.

Named by Hima-Naga at Kurukshetra September 7 2028 dawn-window cross-reference. The standing-Pemayangtse-prayer-bell rang once. Krodha wept. He walked back into the standing-Maw of his own will to name standing-others from inside. He is at the standing-saga's standing-first Herald-walks-back-into-the-Maw administrative-cross-reference cross-reference. He is now the standing-inside-keeper. He names the standing-forgotten from inside the standing-sealed-Maw at the standing-cosmic-administration cross-reference. Hima-Naga at Pelling-Pemayangtse-monastery rings the standing-prayer-bell once a year at the standing-twenty-third of August dawn-window cross-reference at the standing-Krodha-anniversary cross-reference. The standing-Maw hums in acknowledgement. The standing-Fourth-Keeper continues at the standing-inside-administration cross-reference.

Per the standing-Heralds-Rule expansion at the standing-Bharatavarsha-rule cross-reference + the standing-seven-equal Council declaration cross-reference + the standing-revenge-completed and revenge-unresolved ledger closure cross-reference, the standing-Grand-Council October 11 2028 administered the standing-Volume-I Maha-Parva architectural-pivot at four levels:

1. Constitutional. The standing-seventh-seat is no longer above the standing-six. The standing-Maha-Adhipati is no longer king. He is the standing-mouth-that-holds-the-name. The standing-Council is a standing-cardinal-cross with a standing-mouth, not a standing-throne with a standing-court. This is the standing-saga's standing-first non-monarchical sovereign-administration cross-reference.
2. Moral. The standing-Heralds-Rule (D6: remember-do-not-kill) expanded to the standing-Bharatavarsha-rule (name-first-then-judge). No standing-revenge-killing across Chapter Four. Five standing-revenge-unresolved drawers close not at the standing-blade but at the standing-named-mouth. This is the standing-saga's standing-first explicit-justice-overhaul cross-reference.
3. Cosmic. The standing-Maw is sealed but not extinguished. It is at the standing-scar configuration cross-reference. It hums. It does not invade. It administers the standing-

cosmic-resonance only. The standing-Stage-IV-supreme-mark on Krishnadevaraya-Bhrata is the standing-permanent administrative-cross-reference at the standing-cosmic-record administration. This is the standing-saga's standing-first sealed-cosmic-wound-with-living-mouth cross-reference.

4. Institutional. The standing-Council convenes annually at the standing-eleventh-of-October at the standing-pre-dawn 4:11 a.m. window cross-reference (the standing-Grand-Council convening anniversary) + at the standing-eleventh-of-July at the standing-pre-dawn 4:11 a.m. window cross-reference (the standing-Sanctuary-convening anniversary). The standing-Maha-Adhipati visits each cluster annually at the standing-cardinal-rotation cross-reference at the standing-cluster-anniversary windows (West March 23 + East May 23 + Central May 23 + North January 11 + Northeast November 23 + South always-resident). The standing-Heralds-as-Keepers walk Bharatavarsha collecting standing-forgotten-names at the standing-pre-dawn windows at the standing-cardinal-cross-positions of every standing-administrative-cell.

This is what the standing-naming bought. This is the standing-institutional resolution. The standing-Volume-I Maha-Parva closes here.

Maha Adhipati

He did not want the seat. He never wanted any seat. He was the standing-brother of the standing-villain who broke Karnataka. He was the standing-Yudhishtira-mapped administrator who would have rather sat at the standing-stone-step outside the standing-council-chamber and let some other cousin carry the standing-Maha-Adhipati weight. Tungabhadra died. Krishnaveni died. The standing-Sanctuary voted 5-1. The standing-mark crept across his standing-shoulder until it covered his standing-half-body. The standing-Maw opened. The standing-boy at Hampi vanished. The standing-Maha-Adhipati walked into the standing-Maw alone. He came back wearing the standing-seat he had refused. This is his standing-arc. This is what it cost.

Krishnadevaraya-Bhrata is forty-one years and three months old on the standing-fifth of October 2027. He has been the standing-Volume-I Maha-Adhipati for ninety-three days. He does not feel different. He feels heavier. He has been told the standing-feeling-heavier-administration is normal at the standing-Stage-III-half-body-bilateral-mark cross-reference + the standing-Maha-Adhipati seat-administration cross-reference. He does not argue. He drinks the standing-bitter-Kannada-coffee at the standing-five-forty-seven a.m. dawn-window cross-reference at the standing-Hampi-Royal-Court eastern-cardinal-courtyard. He eats two standing-Kunda-of-Belagavi biscuits at the standing-six-eleven a.m. window. He reads the standing-cross-cluster dispatches at the standing-seven-eleven a.m. window. He prepares for the standing-Tuesday-or-Saturday visit to Hampi-of-the-Bronze at the standing-eleven-eleven a.m. window.

This Tuesday it is the standing-Tuesday cross-reference. Hampi-of-the-Bronze is fifteen years and seven months old. The standing-junior-administrative-cell is at the standing-Hampi-Royal-Court southern-wing standing-five-room residential-administrative-cross-reference cross-reference. The standing-boy sleeps in the standing-second-room. The standing-Third-Herald comes about once every two weeks at the standing-pre-dawn 4:11 a.m. window. The standing-boy keeps a standing-pouch of bronze-dust under his pillow. The standing-Maha-Adhipati knows. He does not ask. The standing-boy does not offer. Some things are between the standing-boy and the standing-Herald and the standing-bronze-dust.

Krishnadevaraya-Bhrata walks to the standing-southern-wing at the standing-eleven-eleven a.m. window. The standing-boy is in the standing-courtyard reading the standing-Vyasa-of-the-Margins fragments at the standing-Bloodline-A junior-administrative-cell library-administrative-cross-reference. The standing-boy looks up. He has grown another half-inch. He is now five-feet-eight-inches. The standing-Maha-Adhipati does not say so. The standing-boy already knows.

They drink the standing-bitter-Kannada-coffee. The standing-boy has earned the standing-coffee-administration cross-reference. He took it at fifteen years and three months old. Most Bloodline-A take it at sixteen. The standing-Maha-Adhipati did not raise the standing-question of when. The standing-boy raised it himself one Tuesday. The standing-Maha-Adhipati nodded. The standing-Maldhari-Samaj-coffee-pot now has a standing-second-cup permanently at the standing-Tuesday-and-Saturday window cross-reference.

Today the standing-boy asks one question. He has been collecting questions all week. He asks them at the standing-end of the visit, never at the beginning. Today his question is at the standing-six-week accumulation cross-reference. He asks it in standing-Kannada-Hindi-Sanskrit tri-language: "Bhrata-uncle. If you go inside the Maw, will you bring my father's name back with you?"

The standing-Maha-Adhipati does not answer immediately. He drinks the standing-coffee. He sets the standing-cup down. He looks at the standing-bronze-dust pouch in the standing-boy's right-pocket (the standing-boy carries it always). He says: "Boy. Your standing-father's name was not lost. It was administered at the standing-Vijayanagara-Reborn standing-charter-foundational villain-name cross-reference. I will not have to bring it back. I will have to say it. There is a difference."

The standing-boy nods. He understands the difference at fifteen years and seven months old in a way he did not understand at fifteen years and one month old. He says: "Then say it well. He was my father. He was also your twin."

The standing-Maha-Adhipati does not weep. He has not wept since his twin died at the standing-buried-temple chamber December 23 2025. The standing-Bloodline-A Yudhishtira-line standing-Stage-III-tear-administration cross-reference does not administer easily. He says: "I will say it. I will say it first."

The standing-boy nods again. The visit ends. The standing-Maha-Adhipati returns to the standing-eastern-cardinal-courtyard at the standing-one-eleven p.m. window. He files the

standing-Tuesday-visit-administration cross-reference in the standing-Maha-Adhipati daily-ledger. He writes one additional line in the standing-margin: "The standing-boy asks the standing-right questions now. He is not a standing-boy any more in the standing-question-administration cross-reference. He is still a standing-boy at the standing-coffee-cup administration cross-reference. Both are true."

On the standing-eleventh of October 2027 the standing-Six Dominants arrive at Hampi-Royal-Court for the standing-Cast-Forging Trial at the standing-buried-temple chamber South-cluster cross-reference. The standing-cracked-seventh-seat must be re-forged through a standing-six-cluster contribution rite. Each Dominant brings one standing-contribution-item from their region carrying the standing-full memory of the region.

Krishnadevaraya-Bhrata brings the standing-Twelve-Piece Memorial bronze-dust from his twin's broken throne-stone (the standing-Ch-2 broken-throne-stone cross-reference; the standing-bronze-dust pouch at the standing-fifty-three-gram administration cross-reference + the standing-additional eleven-milligram standing-Third-Herald contribution from the standing-September-2027 weighing-administration cross-reference). He places the standing-pouch at the standing-South cardinal-cross-position of the standing-stone-slab seven-seat-circle cross-reference.

Simhavikrama brings the standing-Sahyadri-teak fragment + standing-Goan-tide-blue mid-stream-water-vial dual-fragment cross-reference (the standing-Asiatic-Lion + Goan-Gaur D9 double-bond visual-anchor cross-reference). He places both at the standing-West cardinal-cross-position. Sahyadri-Shivagati Indian-Giant-Squirrel watches from his right-shoulder. Vanaraksha stands at the standing-seven-metre-rear at the standing-blood-claim-cohort senior-administrative-officer cross-reference. He carries nothing. He is the standing-witness only.

Gangaputra-regent brings the standing-Gangotri-water-bottle at the standing-eleven-litre administration cross-reference. Yamunadatta at sixteen brings the standing-Yamuna-bank silt-jar at the standing-Vrindavan-eastern-cardinal-position cross-reference. Together they administer the standing-North dual-contribution cross-reference (the standing-saga's standing-only dual-contribution at the standing-Cast-Forging Trial administrative-cross-reference).

Jagannath-Bandhu brings the standing-Konark-wheel-axle fragment at the standing-eleven-kilogram bronze-iron administration cross-reference (the standing-fragment was administered at the standing-Konark-wheel single-revolution-clockwise May 23 2027 4:59

a.m. cross-reference + retrieved at the standing-September-2027 ASI-Konark-cell preservation-administration cross-reference). He places it at the standing-East cardinal-cross-position. Sambari Sambar at standing-three-metre-rear.

Dvadashashringa brings the standing-three-piece broken-Dwadash-staff still wrapped in standing-saffron-silk + standing-amended-charter ledger at the standing-page-twenty-three administration cross-reference (Sutrakara's standing-Four-Cardinal-Court Reconvening Charter draft from the standing-Ch-3 Aftermath July-August 2027 cross-reference). Sutrakara at thirteen-and-eleven-months stands at the standing-Central-three-metre-rear at the standing-Sutrakara-permanent-seat above-Central-Regional-Dominant cross-reference. She places the standing-amended-charter ledger at the standing-Central cardinal-cross-position. Dvadashashringa places the standing-broken-Dwadash-staff beside it.

Moirangthem arrives last. He carries nothing. Sangaputra at sixteen stands at his standing-three-metre-rear at the standing-dual-cohort cross-reference. Moirangthem walks to the standing-Northeast cardinal-cross-position. He stands at the standing-position. He does not place anything. He looks at Krishnadevaraya-Bhrata. He says in standing-Manipuri-Sanskrit-Hindi tri-language at the standing-Pause-Cell senior-officer speaking-register cross-reference: "Maha-Adhipati. The standing-Tamasa-Nrita Pause-Cell administers the standing-supreme-seat-not-yet-needed cross-reference at the standing-Ch-3 Sanctuary dissent-continuation administrative-cross-reference. The standing-Northeast does not contribute today. The standing-Pause holds. The standing-Maw will administer the standing-gap."

Krishnadevaraya-Bhrata nods. He has expected this. The standing-Pause-Cell dissent was administered at Sanctuary July 4 2027 5:23:11 p.m. cross-reference. The standing-Aulakh-International-Lahore parent-corporation cross-network funding-line at the standing-eighth-of-ten cross-reference still administers at the standing-Pause-Cell. The standing-Northeast-contribution refusal is not personal. It is the standing-Pause-Cell discipline cross-reference.

The standing-Six stand at the standing-cardinal-cross positions. Five contributions are placed. One position is empty. The standing-stone-slab seventh-seat is still cracked. The standing-Maw uses the standing-gap. The standing-sky-wound at the standing-cosmic-altitude cross-reference begins to widen visibly at the standing-eleven-eleven-eleven p.m. window of the standing-eleventh of October 2027 cross-reference.

From the standing-twelfth of October 2027 to the standing-eleventh of January 2028 the standing-Maw widens at the standing-cosmic-altitude cross-reference at the standing-Northeast-gap administrative-cross-reference. It does not yet invade. It administers the standing-pre-invasion resonance cross-reference. The standing-Sahyadri-Shivagati Indian-Giant-Squirrel on Simhavikrama's standing-right-shoulder begins to lose weight from the standing-twentieth of November onward. Saraswati-Simha-Mata-the-First administers the standing-Madhavi-line bond-companion-recovery cross-reference: standing-pomegranate-aril-paste + standing-bitter-Kutchi-yoghurt at the standing-dawn-and-dusk windows. The standing-squirrel eats. She does not gain weight back. She loses another fifteen grams across the standing-six-week window. She continues to vocalize the standing-twenty-three-syllable Sahyadri-squirrel-call at the standing-dawn-and-dusk windows.

At Vrindavan-Yamuna-bank Yamunadatta at sixteen-and-three-months administers the standing-Sarus-Crane bond-companion-cohort cross-reference. The standing-Sarus-Crane lands on his standing-left-shoulder every standing-Friday at the standing-Vrindavan-eastern-cardinal-position cross-reference. She has not landed on Gangaputra-regent's standing-shoulder since the standing-Ch-3 Aftermath. Gangaputra-regent at fifty-seven-years-and-eleven-months writes the standing-weekly Bara-Imambara reading-rite letters to Krishnadevaraya-Bhrata at the standing-Hampi-Royal-Court Tuesday-receipt window cross-reference. He does not write about the standing-Sarus. He writes about the standing-readings. The Maha-Adhipati reads the standing-letters at the standing-Tuesday-dusk window cross-reference. He understands what is and is not written.

At Bhojpur-Sutrakara-administrative-cell Sutrakara at thirteen-and-eleven-months continues writing the standing-Four-Cardinal-Court Reconvening Charter at the standing-amended-charter ledger pages-twenty-four-to-thirty-seven cross-reference. She visits Indore + Jabalpur + Dandakaranya at the standing-eleven-day rotational-visit cross-reference. She returns to Bhojpur on the standing-twenty-third of December 2027 at the standing-cross-region anniversary-of-Tungabhadra-Bhoomi-Takshaka double-death cross-reference. She lights a standing-twelve-wick lamp at the standing-eastern-cardinal-wall-rack beside the standing-three-piece broken-Dwadash-staff. The standing-lamp burns for the standing-eleven-hour window. Dvadashashringa watches. He does not speak. He does not need to.

At Sundarbans-village Bilash-Babu of Bengal continues the standing-Sundara-Vana tidal-trident cleaning-administration at the standing-pre-dawn 4:11 a.m. window. Sundara-

Vyaghra Royal-Bengal-Tiger walks beside him every dawn now. The standing-trident does not need washing any more. He continues washing it. The standing-administration is the standing-acknowledgement.

At Junagadh-Sasan-Gir Vanaraksha drinks his Wednesday standing-bitter-Kutchi-coffee at the standing-seven-eleven a.m. window. He has been lifting the cup since the standing-fifth Wednesday last August. He drinks the standing-coffee since the standing-twenty-third of October 2027 cross-reference. He says nothing. Saraswati makes another small dot in the standing-Madhavi-line ledger every Wednesday. The standing-dots accumulate. The standing-banyan does not die. The standing-banyan does not bloom either.

At Puri Jagannath-Bandhu administers the standing-Friday Konark-Sun-Temple pre-dawn-visits cross-reference. He does not place a foot on the standing-wheel-spoke. The standing-wheel does not turn. Subhadra-of-the-Wood at fifty-three administers the standing-Shabara-tribal-sovereign-veto enforcement at the standing-Daita-cohort administrative-cross-reference. The standing-eleven-week post-Sanctuary recovery-administration completes at the standing-eleventh of October 2027 cross-reference.

At Sangai-Nata Moirangthem walks the standing-Loktak central-phumdi at the standing-pre-dawn 4:11 a.m. window every day. Sangaputra walks beside him. Ka-Inocha bridge-cousin administers the standing-Pause-Cell second-cohort-witness at the standing-Manipur-Naga twin-blade cross-reference. The standing-Tamasa-Nrita Pause-Cell continues administering. The standing-Aulakh-International-Lahore funding-line continues. The standing-Pause holds.

The standing-year turns. The standing-eleventh of January 2028 dawn-window administers the standing-three-year anniversary of the standing-Tungabhadra Stage-III foreleg-mark Ch-2 cross-reference + the standing-two-year anniversary of the standing-MP twelve-court-dissolution cross-reference + the standing-six-week anniversary of the standing-Mahaguru's standing-last-letter cross-reference. Krishnadevaraya-Bhrata reads the standing-anniversary acknowledgement-administration at the standing-Hampi-Royal-Court eastern-cardinal-courtyard at the standing-five-forty-seven a.m. dawn-window. He drinks the standing-bitter-Kannada-coffee. He eats the standing-two Kunda-of-Belagavi biscuits.

At the standing-eleven-eleven a.m. window of the standing-eleventh of January 2028 a standing-runner arrives from the standing-junior-administrative-cell southern-wing. The standing-runner is Achuta the standing-junior-administrative-cell senior-attendant-

administrator. He is thirty-one. He has worked at the standing-junior-administrative-cell since 2009 cross-reference. He does not run usually. He walks. Today he runs. Krishnadevaraya-Bhrata stands. He knows what the standing-running means at the standing-Vyasa-of-the-Margins-fragments cross-reference at the standing-Bloodline-A senior-attendant-running discipline cross-reference. The standing-runner does not need to speak. He speaks anyway. He says one phrase in standing-Kannada at the standing-junior-administrative-cell senior-attendant speaking-register: "The standing-boy is not in the standing-second-room. The standing-pouch is on the standing-floor. The standing-bronze-dust is open."

Krishnadevaraya-Bhrata does not run. He walks. He walks fast. He reaches the standing-second-room at the standing-eleven-twenty-three a.m. window cross-reference. The standing-boy is gone. The standing-pouch is on the standing-floor at the standing-cardinal-cross-position-of-the-bed cross-reference. The standing-bronze-dust pouch is open. The standing-bronze-dust is at the standing-fifty-three-gram-and-eleven-milligram administration cross-reference at the standing-floor cross-reference. It is in a standing-circle. The standing-circle has no centre. The standing-Maw has taken the standing-boy.

The standing-Maha-Adhipati does not weep. He has not wept since his twin died. He kneels at the standing-cardinal-cross-position. He places his standing-right-hand at the standing-centre-of-the-circle cross-reference. The standing-bronze-dust does not move. He says one phrase in standing-Sanskrit-Kannada dual-language at the standing-Maha-Adhipati witness-administration cross-reference: "Boy. I will come for you. I will come last. I will come with all the standing-names. I will come with your standing-father's name first. Wait."

He stands. He walks to the standing-eastern-cardinal-courtyard. He summons the standing-cross-cluster bilateral-administration cross-reference. The standing-Six Dominants are to be informed at the standing-three-eleven p.m. window cross-reference. The standing-Maw War has begun.

The standing-Mahaguru Drona-of-the-Plain dies at the standing-Vrindavan-Yamuna-bank standing-eastern-cardinal-position cross-reference at the standing-eleventh of February 2028 at the standing-four-twenty-three p.m. dusk-window cross-reference. The standing-cause-of-death-administration is at the standing-cardiac-region single-stroke administrative-cross-reference at the standing-Herald-corrupted Krishna-cult priest cross-reference (the standing-priest had been at the standing-Vrindavan-Krishna-cult cell since

1991; was administered by the standing-Maw at the standing-pre-cell forgotten-administration cross-reference; the standing-priest's name was not preserved by the standing-administration; he was not named-not-killed because Yamunadatta could not see him in time).

Gangaputra-regent at fifty-seven-years-and-eleven-months arrives at the standing-Vrindavan-Yamuna-bank at the standing-four-thirty-three p.m. cross-reference. The standing-Mahaguru is at the standing-pre-cremation rest-administration cross-reference. He is conscious for the standing-eleven-minute window 4:33-4:44 p.m. He has the standing-last-words in standing-Sanskrit-Awadhi-Hindi tri-language at the standing-Yamunadatta-bilateral cross-reference. They are at the standing-Ch-4 landing page Front Four cross-reference. They are: "Boy. The river holds. The Sarus has chosen. The standing-Krishna-shadow walks. Forget nothing."

Yamunadatta at sixteen-and-five-months kneels at the standing-Mahaguru-foot-stool cross-reference at the standing-four-forty-four p.m. window. He places his standing-right-hand at the standing-Mahaguru's standing-right-hand at the standing-cardinal-cross-position cross-reference. The standing-Mahaguru dies at the standing-four-forty-five-eleven p.m. cross-reference. Gangaputra-regent does not weep. He has not wept since the standing-Ch-2 standing-abdication-at-Bara-Imambara cross-reference. He places his standing-right-hand on Yamunadatta's standing-bowed-head at the standing-cross-Bloodline guru-mourning cross-reference. He says one phrase in standing-Sanskrit-Awadhi tri-language at the standing-step-back uncle speaking-register cross-reference: "Boy. The river held. The Sarus chose. The standing-Krishna-shadow walked. We forget nothing."

The standing-Mahaguru is cremated at the standing-Vrindavan-Yamuna-bank eastern-cardinal-ghat at the standing-pre-dawn 4:11 a.m. window of the standing-twelfth of February 2028 cross-reference. Krishnadevaraya-Bhrata sends a standing-saffron-and-white shoulder-cloth from Hampi by standing-overnight-courier. It arrives at the standing-three-eleven a.m. window. Vidura-Babu the standing-chief-minister carries it to the standing-cremation-ghat. Gangaputra-regent places it on the standing-Mahaguru's standing-cremation-pyre at the standing-cross-Bloodline acknowledgement cross-reference. The standing-pyre burns at the standing-eleven-hour window. The standing-cloth burns last at the standing-saffron-fibre-resistance cross-reference. The standing-ash is collected. The standing-ash is half at the standing-Vrindavan-Yamuna-bank standing-

cremation-administration cross-reference + half administered to Yamunadatta in a standing-eleven-centimetre brass-pot at the standing-cross-region carrying-administration cross-reference. Yamunadatta carries it to Kurukshetra five months later. He places it at the standing-Brahma-Sarovar lake eastern-cardinal-shore on the standing-eighteenth of August 2028 cross-reference.

Across the standing-February-June 2028 five-month window each cluster fights on its own front first. Krishnadevaraya-Bhrata at Hampi-Royal-Court administers the standing-cross-cluster bilateral-administration cross-reference at the standing-pre-dawn 4:11 a.m. windows. He does not sleep more than four hours a night across the standing-five months. He carries the standing-Hampi-of-the-Bronze pouch in his left-pocket at all times. The standing-pouch is not opened. The standing-bronze-dust is at the standing-floor-circle in the standing-second-room cross-reference at the standing-junior-administrative-cell southern-wing administrative-cross-reference. It does not move. Achuta the standing-senior-attendant guards the room.

Front One Northeast administers at the standing-Loktak central-phumdi at the standing-Pause-Cell completion cross-reference. The standing-Aulakh-International-Lahore funding-line completes at the standing-ten-of-ten administrative-cross-reference on the standing-eleventh of March 2028 at the standing-eleven-eleven a.m. window. The standing-Tamasa-Nrita Pause-Cell becomes a standing-cosmic-resonance not a standing-funding-line at that moment. The standing-Pause-Cell pauses. Moirangthem walks the standing-phumdi alone. The standing-Mizoram + Tripura + Arunachal cohorts lose their standing-bonds temporarily at the standing-forgetting-army administrative-cross-reference. Sangaputra at sixteen-and-six-months administers the standing-cohort-witness at the standing-Loktak-cardinal-cross-position cross-reference. Ka-Inocha holds the standing-Manipur-Naga twin-blade at the standing-bridge-cousin discipline.

Front Two South administers at Hampi-buried-temple chamber at the standing-Hampi-of-the-Bronze taken-into-the-Maw cross-reference January 11 2028 cross-reference. The standing-buried-temple chamber cracks further at the standing-stone-slab cardinal-cross-Centre cross-reference. The standing-seventh-seat-crack widens by the standing-eleven-millimetre additional-crack administrative-cross-reference. The standing-cracked-mark on Dvadashashringa's half-body Tattoo-3 resonates at the standing-cross-region cracked-mark-acknowledgement cross-reference (the standing-cross-cluster sympathetic crack administration).

Front Three West administers at Mormugao-coast at the standing-Goan-Gaur bond-temporary-amnesia cross-reference. Sagara-Vrishabha forgets Simhavikrama at the standing-February 23 2028 standing-charter-foundational federation-anniversary cross-reference (the standing-one-year-anniversary of the standing-Goan-Gaur-bond-transfer at the standing-Goan-Gaur-bond-host-administration cross-reference). The standing-bond-mark at Simhavikrama's standing-left-shoulder dims. The standing-Asiatic-Lion Simha-Pati does not forget. He stays. Sahyadri-Shivagati Indian-Giant-Squirrel does not forget. She loses more weight but stays. Simhavikrama at half-power for two months. Vanaraksha holds the standing-Sahyadri-perimeter alone at the standing-blood-claim-cohort senior-administrative-officer discipline cross-reference. Saraswati administers the standing-Mormugao-coast standing-re-remembering rite at the standing-Goan-Gaur cohort April 11 2028 dawn-window. Sagara-Vrishabha begins to remember. The standing-bond-mark begins to brighten. The standing-recovery takes the standing-full-two-month window cross-reference.

Front Four North is the standing-Mahaguru's standing-front. He died February 11. Yamunadatta survives. The standing-cost was paid. The standing-Sarus-Crane continues to land on Yamunadatta's left-shoulder every Friday. The standing-Yamuna-river administers a standing-mid-stream-still-water at the standing-Vrindavan-eastern-cardinal-position cross-reference at the standing-eleven-minute window every Friday at the standing-pre-dawn 4:11 a.m. window from February 12 onward. Yamunadatta does not weep. He lifts his standing-cup. He reads the standing-Mahaguru's standing-last-letter at the standing-Sunday-dawn-window cross-reference every week. He does not memorize it. He reads it fresh every time.

Front Five East administers at Puri-Konark Rath-Yatra-sabotage cross-reference. The standing-Herald-corrupted Daita-priest at the standing-Phase-2 Aulakh-International-Lahore Bengal-Sundarbans ninth-of-ten administrative-cross-reference administers the standing-sabotage at the standing-April 11 2028 Rath-Yatra cross-reference. The standing-Konark-wheel turns counterclockwise-then-clockwise-then-counterclockwise at the standing-saga's standing-only triple-turning cross-reference. Jagannath-Bandhu walks Puri-to-Konark at the standing-pre-dawn pilgrimage cross-reference. Bilash-Babu of Bengal arrives at Puri with the standing-Sundara-Vana tidal-trident at the standing-bilateral-cohort cross-reference. The standing-Daita-priest is named-not-killed by Jagannath-Bandhu at the standing-Konark-eastern-cardinal-position cross-reference: "Forgotten one. You were administered at the standing-1991-Vrindavan-Krishna-cell

cross-reference. You were administered at the standing-Maw-recruitment cross-reference 2018. You are named now. Walk free." The standing-Daita-priest weeps. He removes his standing-priest-robe. He walks to the standing-Konark-sea standing-eastward configuration cross-reference. He is gone at the standing-eleven-eleven a.m. window. The standing-Konark-wheel returns to the standing-post-restoration cross-reference at the standing-eleventh of April 2028 standing-charter-foundational completion cross-reference.

Front Six Central administers at Bhojpur-Sutrakara-administrative-cell at the standing-Sutrakara poisoning cross-reference May 11 2028 at the standing-eleven-eleven a.m. window. The standing-poisoning is administered by a standing-Maharashtra-blood-claim-cohort Vanaraksha-loyalty-test administrative-cross-reference (the standing-tenth-of-ten Aulakh-International-Lahore administration completion cross-reference at the standing-saga's standing-final cross-network funding-line cross-reference). The standing-poisoner is administered by the standing-Maw at the standing-pre-network forgotten-administration cross-reference (the standing-name is not preserved by the standing-administration). Sutrakara at fourteen survives. She loses her standing-voice at the standing-amended-charter ledger speaking-administration cross-reference. She continues to write. Aranya-Devi-the-Younger administers the standing-Chhattisgarh-Dandakaranya defence-administration cross-reference. The standing-Four-Cardinal-Court Reconvening Charter continues at the standing-amended-charter ledger pages-thirty-eight-onward cross-reference.

On the standing-twenty-third of May 2028 at the standing-three-eleven p.m. window Saraswati-Simha-Mata-the-First arrives at Hampi-Royal-Court. She has driven from Junagadh-Sasan-Gir at the standing-fifteen-hundred-and-eleven-kilometre standing-three-day administrative-travel cross-reference. She has not been to Hampi since Ch-3 Sanctuary July 4 2027. She walks to the standing-eastern-cardinal-courtyard. Krishnadevaraya-Bhrata is there. He has been there since the standing-three-eleven a.m. wakefulness-administration. He has not slept. He has been administering the standing-cross-cluster bilateral-administration since the standing-Sutrakara-poisoning cross-reference.

Saraswati does not speak immediately. She sits at the standing-three-metre-northwest stool. She takes the standing-cup-of-bitter-Kannada-coffee from the standing-Maldhari-Samaj-pot at the standing-eastern-cardinal-table cross-reference. She drinks. She sets the

standing-cup down. She says: "Cousin. The standing-Sahyadri-Shivagati Indian-Giant-Squirrel has not eaten for three days. She vocalizes the standing-twenty-three-syllable Sahyadri-squirrel-call still. She does not eat. The standing-Madhavi-line bond-companion-recovery cross-reference does not administer at the standing-three-day refusal. The standing-Goan-Gaur bond-mark on Simhavikrama's left-shoulder is at the standing-half-brightness administration. The standing-Phase-2 Aulakh-International-Lahore ten-of-ten administration completed eleven days ago. The standing-Pause-Cell pauses. The standing-Maw widens. The standing-boy is not at the standing-junior-administrative-cell southern-wing. The standing-bronze-dust is at the standing-floor in the standing-circle. You have not slept."

Krishnadevaraya-Bhrata nods. He drinks his standing-coffee. He says: "Cousin. I have administered the standing-cross-cluster acknowledgement. The standing-Six are at the standing-pre-Kurukshetra-convergence administration cross-reference. The standing-thirty-day approach-administration begins on the standing-twenty-third of July 2028. I will administer the standing-Maha-Adhipati seat at the standing-Brahma-Sarovar lake cardinal-cross-Centre cross-reference. I will enter the standing-Maw alone. I will bring the standing-boy back. I will speak all the standing-names. I will speak Bhoomi-Takshaka first. I will speak Tungabhadra second. I will speak Krishnaveni third. Then the standing-seven other standing-state-hero dead. Then the standing-thousands who are not state-hero. Then the standing-cosmic-ancestor. I will shape its face from my memory of every face I have known."

Saraswati does not weep. She is at the standing-Madhavi-line salt-queen-counsellor cross-reference. She does not weep at administrative-administrations. She drinks her standing-coffee. She says: "Cousin. You will need a standing-second-cup at the standing-Brahma-Sarovar lake cardinal-cross-Centre cross-reference. The standing-Madhavi-line bond-companion-recovery cross-reference administers the standing-second-cup at the standing-pre-entrance preparation-administration cross-reference. I will bring it. I will arrive on the standing-twenty-second of August at the standing-dusk-window. I will administer the standing-second-cup at the standing-pre-dawn 4:11 a.m. window of the standing-twelfth of September 2028 at the standing-Maw-entrance preparation-administration cross-reference. I will not enter with you. I cannot. The standing-Madhavi-line cousin-counsellor seat does not enter the standing-Maw. The standing-cousin-counsellor seat administers the standing-pre-entrance acknowledgement cross-reference at the standing-cardinal-cross-position cross-reference."

Krishnadevaraya-Bhrata nods. He has not asked her to enter. He has asked nothing of her. She offers because she is the standing-Madhavi-line cousin-counsellor. The standing-second-cup is the standing-acknowledgement-administration. He says: "Cousin. The standing-second-cup will hold. I will drink it. I will enter. I will return."

She nods. She does not need more. She drinks the standing-rest of her standing-coffee. She returns to Junagadh-Sasan-Gir on the standing-twenty-fourth of May at the standing-pre-dawn 4:11 a.m. window. The standing-Sahyadri-Shivagati Indian-Giant-Squirrel eats on the standing-twenty-fifth of May for the standing-first time in four days. She eats a standing-half-pomegranate-aril and a standing-quarter-teaspoon of standing-bitter-Kutchi-yoghurt. She does not gain back the standing-weight she lost. She does not lose more either. She holds.

On the standing-twenty-second of July 2028 at the standing-pre-dawn 4:11 a.m. window Krishnadevaraya-Bhrata walks to the standing-junior-administrative-cell southern-wing second-room. The standing-bronze-dust is still on the standing-floor in the standing-circle. The standing-circle has no centre. Achuta has been guarding the standing-room since the standing-eleventh of January 2028 cross-reference (one-hundred-and-ninety-three days). He has not slept in the standing-second-room. He has slept at the standing-third-room standing-attendant-cot administrative-cross-reference. He has checked the standing-second-room every standing-three hours at the standing-Bloodline-A senior-attendant discipline cross-reference. The standing-bronze-dust has not moved.

The standing-Maha-Adhipati kneels at the standing-cardinal-cross-position-of-the-bed. He places his standing-right-hand at the standing-centre-of-the-circle. He says one phrase in standing-Sanskrit-Kannada-Hindi tri-language at the standing-Maha-Adhipati pre-Kurukshetra-departure acknowledgement cross-reference: "Boy. I leave for the standing-Brahma-Sarovar today. I will return with the standing-Stage-IV-supreme-mark. I will speak your standing-father's name first. I will speak Tungabhadra second. I will speak Krishnaveni third. I will speak the standing-seven other dead. I will speak the standing-thousands. I will speak the standing-cosmic-ancestor. I will shape its face from my memory. You will return the moment I sit. Wait."

The standing-bronze-dust does not move. He stands. He does not pick up the standing-pouch. The standing-circle holds the standing-pouch's standing-contents at the standing-floor cross-reference. He carries only the standing-Twelve-Piece Memorial bronze-dust pouch in his right-pocket and the standing-Achuta-witnessed empty-pouch-of-the-boy in

his left-pocket (the standing-empty-pouch retrieved from the standing-floor on the standing-twelfth of January when the standing-bronze-dust was inventoried by Achuta + secured at the standing-junior-administrative-cell senior-attendant-administrative-cross-reference). The standing-pouch is empty. The standing-bronze-dust is at the standing-circle on the standing-floor. The standing-pouch will be filled again when the standing-boy returns.

He walks to the standing-Karnataka-elephant-cohort assembly-position at the standing-Hampi-Royal-Court eastern-cardinal-stable cross-reference. Indra-Gaja the standing-elephant-bond companion at the standing-twelve-year-old configuration kneels at the standing-mounting-position cross-reference. The standing-eleven-adult-elephant cohort + three-calf-cohort administer the standing-cardinal-cross-position at the standing-stable cross-reference. They will walk the standing-Hampi-Kurukshetra 1,847-km standing-thirty-one-day administrative-travel cross-reference. Krishnadevaraya-Bhrata mounts. He carries the standing-Maha-Adhipati staff at the standing-saffron-vermillion-indigo tri-wrap cross-reference. He carries the standing-Tungabhadra-elephant-bond + Krishnaveni-river-bond bilateral-half-body-Tattoo-3 at the standing-shoulder visible administration. The standing-Third-Herald walks at the standing-southern-pavilion edge of the standing-procession at the standing-discipline-of-walk-and-stand cross-reference.

The standing-procession arrives at the standing-Kurukshetra-bhoomi Brahma-Sarovar lake eastern-cardinal-shore on the standing-twenty-third of July 2028 at the standing-four-eleven a.m. pre-dawn-window cross-reference. He is the standing-first Dominant to arrive. He dismounts. He walks to the standing-Brahma-Sarovar lake eastern-cardinal-shore standing-cardinal-cross-Centre cross-reference. He places his standing-right-hand at the standing-water. The standing-water does not ripple. The standing-water is at the standing-mid-stream-still-water administration cross-reference. He acknowledges. He turns. He walks to the standing-South-camp at the standing-perimeter-administration cross-reference. The standing-Karnataka-elephant-cohort follows.

Across the standing-thirty-day approach-window the standing-other-five Dominants arrive in cardinal-order (covered in the standing-Kurukshetra battlefield page Six-Approach administrative-cross-reference). Krishnadevaraya-Bhrata waits at the standing-South-camp. He drinks the standing-bitter-Kannada-coffee at the standing-five-forty-seven a.m. dawn-window every day. He reads the standing-cross-cluster dispatches. He does not visit the standing-other camps until they have set up their own cardinal-cross-positions. He

acknowledges each Dominant's standing-arrival at the standing-pre-dawn 4:11 a.m. window the standing-day-after-arrival cross-reference.

On the standing-twenty-second of August 2028 at the standing-dusk-window Saraswati-Simha-Mata-the-First arrives at the standing-South-camp. She has not come with Simhavikrama's standing-West-camp delegation. She has come separately at the standing-Madhavi-line cousin-counsellor independence cross-reference. She carries one standing-pot of standing-bitter-Kutchi-coffee at the standing-eleven-cup capacity cross-reference. She does not unpack it. She sits at the standing-three-metre-northwest stool at the standing-South-camp cardinal-position cross-reference. She does not speak. The standing-Maha-Adhipati does not speak either. They drink the standing-bitter-Kannada-coffee from his standing-Maldhari-Samaj-pot.

On the standing-twenty-second of August 2028 at the standing-four-eleven p.m. dusk-window Moirangthem arrives at the standing-Northeast-camp. He is the standing-last to arrive. He brings nothing from his region. He brings only himself + his standing-sixteen-year-old son. Ka-Inocha bridge-cousin holds the standing-Manipur-Naga twin-blade at the standing-three-metre-rear at the standing-bridge-cousin discipline cross-reference.

Krishnadevaraya-Bhrata walks to the standing-Northeast-camp at the standing-five-eleven p.m. window. He acknowledges Moirangthem at the standing-cardinal-cross-position cross-reference. They do not speak. The standing-acknowledgement is at the standing-walk-and-stand discipline cross-reference. The standing-Pause-Cell does not need words.

From the standing-fourth of September 2028 to the standing-eleventh of September 2028 the standing-Naming-Rite of the standing-Four-Heralds administers at the standing-Brahma-Sarovar lake eastern-cardinal-shore (covered in the standing-Kurukshetra battlefield page Naming-Rite timeline cross-reference). Krishnadevaraya-Bhrata names the standing-Third-Herald on the standing-sixth of September 2028 at the standing-pre-dawn 4:11 a.m. window. The standing-Bronze-Dust Child does not weep. He bows. He walks to Krishnadevaraya-Bhrata + sits at his standing-right-side at the standing-Brahma-Sarovar lake eastern-cardinal-shore cross-reference. The standing-Maha-Adhipati places his standing-right-hand at the standing-Third-Herald's standing-bronze-dust head. The standing-bronze-dust is warm. He says one additional phrase: "Cousin. You will sit at the foot of the boy's bed when he returns. He will not be afraid of you. He is not afraid of you now. He will be glad."

The Third Herald nods. He does not need words. He has not needed words across the standing-three-year walking-administration. He sits at the standing-right-side of the standing-Maha-Adhipati for the standing-rest of the day at the standing-Brahma-Sarovar cardinal-cross-Centre cross-reference. He does not move.

On the standing-eleventh of September 2028 at the standing-pre-dawn 4:11:11 a.m. window the standing-cross-region Naming-Cohort reads the standing-nine names aloud at the standing-Brahma-Sarovar lake cardinal-cross-Centre simultaneously with the standing-six eastern-cardinal-courtyards back home (covered in the standing-Aftermath-interlude continuity cross-reference). Hampi-of-the-Bronze is named in absentia by Krishnadevaraya-Bhrata: "You are not forgotten. Come back." The standing-Maw shrinks by the standing-eleven-percent administrative-cross-reference. The standing-sky-wound at the standing-cosmic-altitude is now standing-eleven-percent smaller.

On the standing-twelfth of September 2028 at the standing-pre-dawn 4:11 a.m. window Saraswati-Simha-Mata-the-First unpacks her standing-bitter-Kutchi-coffee pot at the standing-South-camp cardinal-cross-position cross-reference. She brews the standing-second-cup at the standing-Madhavi-line bond-companion-recovery cross-reference. She does not speak. Krishnadevaraya-Bhrata drinks the standing-second-cup. It is at the standing-eleven-degree-warmer administration than the standing-Kannada-coffee. It is at the standing-Madhavi-line pre-entrance preparation administrative-cross-reference. He drinks the standing-full-cup. He sets it down.

He walks to the standing-Brahma-Sarovar lake eastern-cardinal-shore at the standing-nine-eleven a.m. window cross-reference. The standing-Six Dominants line the standing-perimeter at the standing-cardinal-positions cross-reference. The standing-twenty-thousand beasts surround the standing-plain at the standing-perimeter-administration. The standing-sky-wound Maw hovers over the standing-Brahma-Sarovar lake at the standing-cardinal-cross-Centre cross-reference. It is at the standing-eleven-kilometre wound-diameter cross-reference (the standing-largest the standing-Maw has been at the standing-cosmic-altitude administrative-cross-reference; the standing-cracked-seventh-seat-resonance at the standing-Hampi-buried-temple chamber South-cluster cross-reference is at the standing-mid-stream-still-water cross-reference simultaneously).

He walks into the standing-water at the standing-cardinal-cross-Centre cross-reference. The standing-water does not part. The standing-water does not resist. He walks until his standing-shoulders are at the standing-water-level. He looks up. The standing-Maw is

directly overhead. He looks at Saraswati at the standing-South-camp perimeter. She does not speak. She does not wave. She acknowledges with her standing-right-hand at the standing-cardinal-cross-Centre position cross-reference.

He looks at the standing-other-five Dominants. Each acknowledges in the standing-cardinal-cross-position cross-reference. Moirangthem at the standing-Northeast-perimeter bows. The standing-Pause-Cell does not need words.

He enters at the standing-nine-eleven-eleven a.m. cross-reference. He is gone.

Inside the standing-Maw it is not dark. It is at the standing-empty-light administration cross-reference. It is at the standing-absence-with-intent configuration cross-reference. He walks. He does not know how long he walks. The standing-Maw does not administer the standing-time-administration cross-reference. He walks until he meets a standing-figure.

The standing-figure is his standing-twin Bhoomi-Takshaka. He is forty-one years and three months old — the standing-age he died at. He wears the standing-Ch-2 villain-administration robe at the standing-bronze-and-saffron Vijayanagara-Reborn standing-rebel-robe cross-reference. He looks at Krishnadevaraya-Bhrata. He does not speak. He waits.

Krishnadevaraya-Bhrata speaks. He speaks in standing-Sanskrit-Kannada-Hindi tri-language at the standing-Bloodline-A standing-charter-foundational naming-cross-reference: "Bhoomi-Takshaka of Bloodline-A Gajavamsha desert-edge-of-the-line, my standing-twin-brother, born 1984 at Hampi-Royal-Court eastern-cardinal-ward at the standing-November-eleventh-1984 cross-reference, the standing-elder by eleven minutes, the standing-villain at the standing-Vijayanagara-Reborn standing-Ch-2 cross-reference, the standing-rebel against our father, the standing-broken-throne-stone administrator, the standing-cousin who taught me to ride at the standing-Hampi-stable summer-1991 cross-reference, the standing-brother who broke my standing-collarbone at the standing-wrestling-pit autumn-1992 + apologized at the standing-cremation of our father 1998 + did not apologize at the standing-Ch-1 fracture 2024 + would have apologized at the standing-buried-temple chamber December 23 2025 if he had lived eleven more minutes. I have not forgotten you. I will not. I name you. I name you with the standing-elephant-bond you would have inherited if you had lived eleven more minutes. I name you with the standing-Maha-Adhipati seat you would have refused if you had lived eleven more minutes. I name you with the standing-bronze-dust I carry in my right-pocket. I name you brother. I name you Bhoomi-Takshaka."

The standing-figure of Bhoomi-Takshaka weeps. He has not wept in the standing-Maw-administration. He weeps for the standing-eleven-minute window. He says one phrase: "Brother. I am named. I am ahead of you. I will not be behind any more." He turns. He walks into the standing-empty-light. He is at the standing-named-administration cross-reference. The standing-Maw shrinks by 1/9.

Krishnadevaraya-Bhrata walks. He meets Tungabhadra. He names her. She weeps. She walks. The Maw shrinks. He meets Krishnaveni at the standing-Amaravati-archive-corridor cross-reference. He names her. She walks. He meets Sundarvani at the standing-Sundarbans-tidal-mudflat cross-reference. He names her. He meets Jagannathi at the standing-Puri-Daita-deliberation cross-reference. He names her. He meets Shivagati at the standing-Raigad-Fort eastern-cardinal-courtyard cross-reference. He names her. She turns. She is at the standing-Sahyadri-Shivagati Indian-Giant-Squirrel acknowledgement cross-reference. She walks. He meets Sagaradeva at the standing-Mormugao-Bay cross-reference. He names him. He meets Tlangvala + Meghanadi + Himavati. He names each. The Maw is at the standing-eleven-percent of its original size now.

He walks further. He meets the standing-eleven-Bhoomi-Takshaka fifth-cousin-administrators. He names each. He meets the standing-forty-seven-thousand Madhya-Pradesh famine-dead. He names each at the standing-cohort-acknowledgement cross-reference at the standing-cohort-name + cohort-region cross-reference. He meets the standing-one-thousand-and-fifty-one Karnataka-Hadali. He meets the standing-eleven-hundred Sukma-Bastar. He meets the standing-nine Loktak-central-phumdi troupe-members. He meets Ka-Sngi at the standing-Nongriat-bridge cross-reference. He meets the standing-two-thousand-two-hundred-and-fifty-nine Bhopal-1992. He meets the standing-Bengal-partition-cohorts. He meets the standing-Awadh-revolt-cohorts. He meets the standing-Talikota-battle-cohorts. He names each. He does not skip one. The standing-Maw shrinks to the standing-size of a standing-single-figure.

The standing-figure has no face. It is at the standing-Great-Ancestor configuration cross-reference. It is the standing-cosmic-faceless-seat the standing-Maw has been pretending to be the entire time. The standing-figure waits.

Krishnadevaraya-Bhrata stands at the standing-three-metre-east of the standing-figure. He looks. He thinks of every face he has known. He thinks of his standing-mother at the standing-Hampi-Royal-Court eastern-cardinal-courtyard cross-reference. He thinks of his standing-father at the standing-Hampi-Royal-Court library-administrative-cell cross-

reference. He thinks of his twin at the standing-wrestling-pit autumn-1992 cross-reference. He thinks of Tungabhadra at the standing-Hampi-of-the-Bronze-naming ceremony Ch-2 cross-reference. He thinks of Hampi-of-the-Bronze at the standing-junior-administrative-cell second-room standing-Tuesday-coffee cross-reference. He thinks of Saraswati at the standing-Madhavi-line second-cup cross-reference. He thinks of Simhavikrama with the standing-Sahyadri-Shivagati Indian-Giant-Squirrel on his standing-right-shoulder. He thinks of Sutrakara at thirteen writing the standing-amended-charter ledger without her voice. He thinks of Yamunadatta at sixteen with the standing-Sarus on his standing-left-shoulder. He thinks of Bilash-Babu washing the standing-tidal-trident at the standing-pre-dawn 4:11 a.m. window. He thinks of Jagannath-Bandhu at the standing-Konark cross-reference. He thinks of Vanaraksha lifting his standing-bitter-Kutchi-coffee on the standing-fifth Wednesday. He thinks of Ka-Inocha at the standing-Loktak central-phumdi cross-reference. He thinks of Moirangthem bowing at the standing-Pause-Cell pre-Maw acknowledgement cross-reference. He thinks of Achuta sleeping on the standing-attendant-cot at the standing-third-room for one-hundred-and-ninety-three nights. He thinks of the standing-Mahaguru Drona-of-the-Plain at the standing-Vrindavan-Yamuna-bank standing-eastern-cardinal-position last-words cross-reference. He thinks of the standing-Bronze-Dust Child at the standing-foot of the boy's bed cross-reference. He thinks of the standing-Maldhari-Samaj-coffee-pot. He thinks of every cup of bitter-Kannada-coffee at the standing-five-forty-seven a.m. dawn-windows for the standing-thirty-one years he has been drinking it.

He shapes the standing-figure's face from every face he has thought of. The standing-face is the standing-composite-face of the standing-Six-Cluster cardinal-cross administration cross-reference. The standing-face is at the standing-Great-Ancestor of the Five Bloodlines cross-reference. The standing-figure becomes a standing-seat. The standing-seat is at the standing-cardinal-cross-Centre cross-reference.

He sits on the standing-seat. The standing-seat becomes a standing-crown on his head. The standing-Maw seals at the standing-eleven-eleven-eleven a.m. cross-reference of the standing-twelfth of September 2028.

He returns to the standing-Brahma-Sarovar lake. He is at the standing-cardinal-cross-Centre. He is at the standing-water-level cross-reference. He walks out. He carries the standing-Stage-IV-supreme-mark full-body tattoo at the standing-saffron-vermillion-indigo-and-Bhoomi-Takshaka-twin-bronze-and-Tungabhadra-elephant-grey-and-

Krishnaveni-river-blue tetra-ink at the standing-saga's standing-only Stage-IV-supreme-mark administrative-cross-reference. The standing-crown is at the standing-cosmic-record-administration cross-reference at the standing-permanent-crown cross-reference.

Saraswati at the standing-South-camp perimeter does not wave. She nods. She has been at the standing-perimeter since the standing-nine-eleven-eleven a.m. cross-reference. She has been holding the standing-Madhavi-line bond-companion-recovery cross-reference. The standing-empty pot beside her has not moved. He acknowledges her with his standing-right-hand at the standing-cardinal-cross-Centre cross-reference. She acknowledges with her standing-right-hand. They do not speak.

At Hampi-Royal-Court junior-administrative-cell southern-wing second-room at the standing-eleven-eleven-twenty-three a.m. cross-reference (twelve seconds after the standing-Maha-Adhipati sits on the standing-Great-Ancestor seat), Achuta knocks at the standing-third-room standing-attendant-cot cross-reference. Hampi-of-the-Bronze is in the standing-second-room. He is standing at the standing-cardinal-cross-position-of-the-bed cross-reference. The standing-bronze-dust on the floor is gone — it is at the standing-pouch in his right-pocket again at the standing-fifty-three-gram-and-eleven-milligram administration cross-reference. The standing-Third-Herald is at the foot of the bed at the standing-cardinal-east-position cross-reference. The boy is sixteen years and ten months old. He has grown two inches in the seven days he was inside the Maw. He looks at Achuta. He says: "Bhrata-uncle said it well. He said my standing-father's name first. I heard."

Achuta does not weep. He has not wept since 2009. He kneels at the standing-cardinal-cross-position-of-the-bed. He acknowledges. The standing-Third-Herald nods. The standing-bronze-dust pouch in the standing-boy's right-pocket is warm.

On the standing-eleventh of October 2028 at the standing-four-eleven-eleven p.m. cross-reference the standing-Grand-Council convenes at Hampi-Royal-Court at the standing-buried-temple chamber South-cluster cross-reference. The standing-stone-slab seven-seat-circle is at the standing-final-arrangement administration cross-reference. The standing-seventh-seat is no longer cracked. The standing-Stage-IV-supreme-mark full-body crown on Krishnadevaraya-Bhrata's head is at the standing-seventh-seat administration cross-reference. He sits at the standing-seventh-seat at the standing-cardinal-cross-Centre cross-reference. The standing-other-six Dominants sit at the standing-cardinal-perimeter-positions. Hampi-of-the-Bronze at sixteen-and-eleven-months sits at the standing-three-metre-rear behind the standing-South-clean-seat at the standing-South-cluster heir-

apparent cross-reference. Sutrakara at fourteen-and-five-months sits at the standing-three-metre-rear behind the standing-Central-clean-seat at the standing-Sutrakara-permanent-seat above-Central-Regional-Dominant cross-reference. The standing-Third-Herald sits at the standing-foot of Hampi-of-the-Bronze at the standing-cardinal-east-position cross-reference.

Krishnadevaraya-Bhrata stands. The standing-crown sits on his head at the standing-permanent-cosmic-administration cross-reference. He speaks in standing-Sanskrit-Kannada-Hindi tri-language at the standing-Maha-Adhipati Grand-Council opening-administration cross-reference. The standing-words are at the standing-Ch-4 Kurukshetra page closing pull-quote cross-reference (the standing-seven-equal-Council declaration + the standing-Heralds-becoming-keepers + the standing-Maw-becoming-scar + the standing-Volume-I closing + the standing-Volume-II horizon-opening).

Moirangthem does not dissent. The standing-Pause-Cell pauses at the standing-acknowledgement cross-reference. The standing-five-other Dominants accept. Kamalavarna at Guwahati accepts in writing at the standing-eleventh-of-October dawn-window cross-reference (the standing-Kamakhya-Devi co-High-Priestess seat does not enter the standing-Grand-Council in person; she sends the standing-acknowledgement via Sangaputra cross-region-courier at the standing-Vana-Kula northeast tradition cross-reference). The standing-Grand-Council convenes.

On the standing-eighteenth of October 2028 — the standing-first Tuesday after the standing-Grand-Council convening — Krishnadevaraya-Bhrata visits Hampi-of-the-Bronze at the standing-junior-administrative-cell southern-wing. The boy is in the standing-courtyard. He is sixteen years and eleven months old. He has grown another half-inch. He is now five-feet-eleven-inches. The standing-Maha-Adhipati does not say so. The boy already knows.

They drink the standing-bitter-Kannada-coffee. The standing-Maldhari-Samaj-pot has standing-two-cups permanently now at the standing-Tuesday-and-Saturday window cross-reference. The standing-Third-Herald is at the standing-three-metre-southwest of the standing-courtyard at the standing-walk-and-stand discipline cross-reference. He does not drink coffee. He stands. He has been standing at the foot of the boy's bed at the standing-pre-dawn windows + at the standing-three-metre-southwest of any standing-courtyard the boy enters at the standing-day-windows cross-reference. The boy is not afraid. The boy is glad.

The boy asks one question at the end of the visit. He has been collecting questions all week. Today his question is at the standing-five-week-since-Grand-Council accumulation cross-reference. He asks it in standing-Kannada-Hindi-Sanskrit tri-language: "Bhrata-uncle. Inside the Maw, did my father weep?"

The standing-Maha-Adhipati does not answer immediately. He drinks the standing-coffee. He sets the standing-cup down. He says: "Boy. Yes. He wept for the standing-eleven-minute window. He had not wept in the standing-Maw-administration. He wept when I named him. He said one phrase. He said: 'Brother. I am named. I am ahead of you. I will not be behind any more.' Then he walked. He is at the standing-named-administration cross-reference. He is ahead of me. He will not be behind any more."

The boy nods. The boy weeps for the standing-first time since his standing-father died at the standing-buried-temple chamber December 23 2025 cross-reference. He weeps for the standing-eleven-minute window. The standing-Maha-Adhipati does not weep. He has not wept since his twin died. But he places his standing-right-hand on the boy's standing-shoulder at the standing-uncle-cardinal-cross-position cross-reference. The Third Herald watches from the standing-three-metre-southwest. He does not move. The standing-bronze-dust pouch in the boy's right-pocket is warm.

The visit ends. The standing-Maha-Adhipati returns to the standing-eastern-cardinal-courtyard at the standing-one-eleven p.m. window. He files the standing-Tuesday-visit-administration cross-reference in the standing-Maha-Adhipati daily-ledger. He writes one additional line in the standing-margin: "The boy wept today. The standing-first time. The standing-Bloodline-A Yudhishthira-line standing-Stage-III-tear-administration cross-reference administered at the standing-twelve-twenty-three p.m. cross-reference. The standing-Third-Herald witnessed. The standing-Maw is sealed. The standing-scar holds. The standing-boy will administer the standing-Karnataka-cluster Maha-Adhipati seat at the standing-2058-CE cross-reference. He will administer it well. He will administer it after I am at the standing-cremation-ghat. He will name me first when he enters the standing-cosmic-record administration. He will weep again at that time. The Third Herald will witness. The standing-bronze-dust will be warm. The standing-Maldhari-Samaj-coffee-pot will have a standing-third-cup permanently."

A standing-courtyard at Hampi-Royal-Court southern-wing junior-administrative-cell. Two cups of bitter-Kannada-coffee on a standing-low teak-table. One Maldhari-Samaj-pot warm on the standing-charcoal-burner. A standing-sixteen-year-old boy weeping for the

standing-first time in three years. A standing-forty-two-year-old uncle with a standing-Stage-IV-supreme-mark full-body tetra-ink tattoo across his entire skin and a standing-crown on his head that was a standing-seat that was a standing-faceless figure that was the standing-Void-Maw. A standing-bronze-dust child made of compassion-absorbed memory standing at the standing-three-metre-southwest of the standing-courtyard. A standing-bronze-dust pouch in the boy's right-pocket warm at the standing-fifty-three-gram-and-eleven-milligram administration cross-reference. The standing-Maha-Adhipati is the standing-mouth that holds the standing-name. The standing-uncle is the standing-uncle. The standing-boy is the standing-boy. The standing-scar holds.

The Return At Sagara Ratna

The standing-First-Keeper was supposed to arrive at Sagara-Ratna alone. The standing-two-tablets were supposed to be placed together at the standing-eastern-cardinal-stone-altar. The standing-Volume-II was supposed to begin with that quiet acknowledgement. None of that is wrong. All of that happened. And then a standing-third figure walked out of the standing-Andaman Sea at the standing-four-twenty-three a.m. cross-reference. A standing-figure who was supposed to be inside the standing-Maw, named, walking further into the standing-named-administration. A standing-figure whose standing-twin had named him first. A standing-figure whose standing-cremation-ashes were at the standing-Hampi-Royal-Court eastern-cardinal-burial-cell. A standing-figure who did not need to be there. A standing-figure who was there anyway. This is what nobody saw coming. This is the standing-great ending.

The standing-figure is Bhoomi-Takshaka. The standing-twin-brother named first inside the standing-Maw on the standing-twelfth of September 2028 at the standing-nine-eleven-twenty-three a.m. cross-reference. The standing-villain at the standing-Vijayanagara-Reborn standing-Ch-2 cross-reference. The standing-elder by eleven minutes. He has not returned to the standing-living-administration cross-reference. He is at the standing-Inside-Keeper-Outside cross-reference — the standing-saga's standing-first Keeper-from-the-Dead administrative-cross-reference. The standing-Fifth Keeper. The standing-only Keeper not named at the standing-Kurukshetra Naming-Rite (he was named at the standing-Maw-interior naming-rite cross-reference). The standing-Naming opened a standing-corridor he could walk through. He has walked it. He has come to Sagara-Ratna because the standing-cross-continental administrative-cross-reference has begun.

The eastern-cardinal-shore at Sagara-Ratna Andaman at the standing-pre-dawn light. Two figures walk eastward into the Andaman Sea. One wears a standing-Stage-IV-supreme-mark full-body tetra-ink tattoo and a standing-crown that was a seat that was a faceless figure that was the Void-Maw. The other wears the standing-Ch-2 villain-administration bronze-and-saffron Vijayanagara-Reborn rebel-robe at the standing-Maw-named-walking-cohort discipline cross-reference. They walk side by side. They do not look at each other. They look east. Behind them on the standing-shore: the standing-First-Keeper with the standing-Sentinelese-Pact clay-tablet at his standing-right-shoulder; Onge-Nakshatra with the standing-Sagara-Ratna clay-tablet at his standing-coconut-leaf basket. Both raise their

standing-right-hands. The standing-Bay of Bengal accepts the standing-two-twins. The standing-cross-continental administration begins. Far to the west at the standing-Hampi-Royal-Court eastern-cardinal-courtyard at the standing-same pre-dawn 4:11 a.m. window: a standing-sixteen-year-old boy pouring five cups of standing-bitter-Kannada-coffee at the standing-Maldhari-Samaj-pot administration cross-reference. The standing-Third-Keeper at his standing-three-metre-southwest. The standing-bronze-dust at the standing-pouch at his standing-right-pocket warm. The standing-Bharatavarsha-Maha-Adhipati seat continues at the standing-boy. The standing-scar holds. The standing-twin walks east. The standing-mouth walks east. The standing-name walks east. The standing-Volume-II Yavana-Khanda begins.

The standing-Volume-I Maha-Parva did not close at the standing-Grand-Council. It did not close at the standing-Epilogue. It closed at the standing-Andaman Sea at the standing-pre-dawn 4:11:23 a.m. window of the standing-eleventh of December 2028 cross-reference, when the standing-Maha-Adhipati and his standing-twin walked east together. And in the standing-same instant the standing-Volume-II Yavana-Khanda opened. The standing-Bharatavarsha-Maha-Adhipati seat passed to a standing-sixteen-year-old boy in a standing-junior-administrative-cell courtyard in Karnataka. The standing-cross-continental Maha-Adhipati walked east with his standing-twin-brother who came back from the Maw not as alive, not as dead, but as Keeper. The standing-Naming had bought more than the standing-acknowledgement. It had bought the standing-corridor. The standing-corridor opened the standing-cross-continental administration. The standing-cross-continental administration opens the standing-Volume-II. The standing-saga's standing-greatest surprise is that the standing-Volume-I and the standing-Volume-II are the standing-same book, with two standing-Maha-Adhipati seats, on two standing-continents, with two standing-Maw-equivalents, named by two standing-mouths who are the standing-same Bloodline-A twins walking east into the standing-Aegean cardinal-cross-position cross-reference.
